The following notice regarding Recruitment for the Defence Services is published for general information.

By Order,
V. VEDAVYASACHARYA,
Chief Secretary to Government.

1984

RECRUITMENT FOR THE DEFENCE SERVICES.

The Government of His Highness the Maharaja of Mysore has recently sanctioned the extension of Recruiting for the Indian Army and the Royal Indian Navy in Mysore State. A Recruiting Office has been opened in Gandhi Square, Mysore City and Branch Offices have been established in Hassan, Tumkur and Chitaldrug. Facilities for recruitment already exist in Bangalore at the Office of the Assistant Recruiting Officer, Cornwallis Barracks, near

The State of Mysore has already made a vast contribution to the War Effort both in materials and men for the Technical Branches of the Services, and this extension of recruitment opens up a very wide range of choice for fit young men who wish to offer their services.

Large numbers of recruits are urgently required for the Royal Indian Navy and the Indian Army, and all men above the age of 17 1/2 whether educated or uneducated can enrol in either services according to their suitability as regards education and physical standards.

The Recruiting Office in Mysore City will be under the control of the Assistant Recruiting Officer, Mysore, and there will be extra Assistant Recruiting Officers at the District Headquarters Offices, each with an independent staff of Recruiters.

The Recruiting Staff, who wear uniform, can be identified by their green Arm Bands and Whistle Cords. Green sign boards will be erected shortly indicating the whereabouts of all Recruiting Offices.

It is hoped that many Mysoreans will take advantage of the present opportunity to enrol in the Defence Services of India.

Officials of all Departments are asked to give their full co-operation to the Officers of the Recruiting Organisation and to direct all prospective recruits to the nearest Recruiting Office.

DEVELOPMENT SECRETARIAT

No. D. 94—I. & C.—173-44-2, dated 28th September 1944.

The following memorandum of the Government of India, Department of Supply, are published for general information.

No. I.-721 (22) of 20th May 1944
No. I.-721 (22) of 8th February 1944 to be printed here.

By Order,
C. E. NORONHA,

No. 1-721 (22).

GOVERNMENT OF INDIA.

Department of Supply.

DIRECTORATE GENERAL OF SUPPLY
(Central Indents Section).

New Delhi, the 20th May 1943.

MEMORANDUM.

The attention of all Indentors is drawn to the number of Indents, which are incomplete regarding particulars to guide supply, sent to the Department of Supply. In some cases the nomenclatures of the stores are incomplete but the more prevalent is the omission of the particulars, that is to say, the specification and/or drawings, and/or sealed pattern or samples numbers to which the contract is to be placed. Without these particulars the Department of Supply cannot proceed to make any purchase arrangements or to plan and, therefore, the supply arrangements must be held up whilst reference is made back to the Indentor. If, on the other hand, the particulars given are not correct then the result must be that incorrect stores will be supplied.

2. (*a*) It must be realised that the Department of Supply can only take action on particulars supplied by the Indentor regarding what is required and it is the responsibility of the Indentor to complete his indent in this respect.

(*b*) When it is known that particulars are not available with the Department of Supply for issue to contractors, then the Indentor should ensure that arrangements are made to send the Department of Supply the necessary copy or copies, if possible together with the indent. Any deviation from the particulars required by the Indentor should also be stipulated, specifications and/or drawings are preferable as patterns are generally considered as a guide to the standard of workmanship and finish required, when specifications and/or drawings exist.

3. It has been decided therefore that when indents are received in the Department of Supply they will be scrutinised to ascertain :—

(i) that the particulars and details, regarding which supply is to be governed and arranged, are complete in all respects.

(ii) that where the indent is accompanied by particulars, these particulars are complete as described in para 2 (*b*) above.

(iii) indents received with particulars incomplete will be returned immediately to the Indentor for completion. No anticipated supply of purchase action will be taken in the meantime.

4. This procedure has been instructed with a view to reducing work all round, to avoid delay in purchasing requirements and to ensure that the indentor will receive what he requires. All indentors will therefore, kindly give this matter their immediate attention.

S. Bhoothalingam,
Deputy Secretary to the Govt. of India.

No. I-721 (22).

GOVERNMENT OF INDIA.

Department of Supply.

DIRECTORATE-GENERAL OF SUPPLY
(Central Indents Section)

New Delhi, the 8th February 1944.

MEMORANDUM.

The attention of all indentors is drawn to this Department Memo No. 1-721 (22), dated 20th May 1943 in which it was stated that indents received in this Department with incomplete particulars would be returned to the indentors for making up the deficiency and that no anticipated supply or purchase action would be taken in the meantime.

2. This procedure was designed to avoid delay in purchase action and to ensure that the indentors got what they wanted. It is, however, observed that a considerable proportion of indents received is still incomplete in the matter of particulars governing supply, thus resulting in the hold up of supply action on such indents until necessary details are furnished by the Indenting Officers and/or Inspectorates. The Indentors are, therefore, again requested to see that the column relating to specification/drawing is properly filled in and a reference to some sealed or standard specification, drawing or pattern, or the reason for not doing so (*e. g.* the article is a proprietary one or governed by some rate or running contract, or the indent is accompanied by a sample or detailed particulars) should be given here before the indents are forwarded to this Department. Failing this the indents will be returned to the indentors for completion and a good deal of time would be lost for which the responsibility would rest with the Indentors themselves.

A large number of indents already pending in this Department, and inspite of correspondence with Indentors and/or Inspectorates full particulars governing supply for the same have not so far been received, are being returned to the indentors for completion separately.

S. Bhoothalingam,
2028 Deputy Secretary to the Govt. of India.

The accompanying notice regarding claims against Enemy Ships is published for the information of the persons concerned.

By Order,
V. VEDAVYASACHARYA,
Chief Secretary to Government.

Notice.

Persons having claims against enemy ship-owners in respect of debts due or cargo undelivered (with the exception of cargo on German vessels in neutral ports) were hitherto required to forward their claims to Messrs. Machinnon, Mackenzie and Company, Calcutta, as agents of the Enemy Shipping Claims Committee, London. But with the extension of the theatre of war, the Committee's field of action has been considerably reduced and its capacity to prosecute claims successfully, has been restricted in scope.

2. Claims in respect of debts or other moneys due from enemies and of property in enemy territories may in future be registered with the Director of Commercial Intelligence, 1, Council House Street, Calcutta. Such registration, however, is only to facilitate any possible settlement after the war and it does not imply any recognition by the Government of India of the validity of the claims, nor does that Government accept any responsibility in the matter. Persons who have claims are nevertheless advised to register their claims with that office.

COMMUNIQUE.

Home Department.

New Delhi, 27th August 1944.

In October 1943 the execution was announced of four enemy agents who were members of a party landed by a Japanese submarine on the west coast of India. Since then two more spies, who were connected with this party but who had entered India by a different route, have paid the extreme penalty after trial under the Enemy Agents' Ordinance. These were T. P. Kumaran Nair of Malabar and Ramu Thevar of the Ramnad District in Madras, both of whom were living in Malaya at the outbreak of hostilities with Japan.

Another case under the Enemy Agents' Ordinance has also been recently concluded, in which five persons were sentenced to death. They were members of a party who had been landed by parachute in India with money and equipment, including wireless transmission sets. These five persons were Ajaib Singh of the Amritsar District and Zahur Ahmed of the Sheikhupura District in Bengal, and Audeshwar Rai and Sham Lal Pande of the Gorakhpur District in the United Provinces. Their convictions and sentences were confirmed by the Judge of the High Court who reviewed the cases, but the death sentences passed on the two last mentioned persons have been commuted to transportation for life.

COMMUNIQUE.

Home Department.

New Delhi, dated 2nd October 1944.

Government are aware that many persons in Japanese occupied territories have offered to cooperate with the enemy in the hope of being able to escape and return to India. In particular, many Indian prisoners of war have succeeded in escaping in this way. The majority of these men have reported to the military or civil authorities on arrival in India, and have given the authorities much information about conditions in Japanese occupied territories. A case in point is the episode of the twelve Indian soldiers who landed on the coast of Baluchistan last March from a submarine, with orders to collect information and transmit it to the Japanese by means of wireless equipment which they had brought with them. The full facts were published at the time, and it will be remembered that these men reported to the authorities immediately on arrival, and handed over their equipment. They have now rejoined their regiments after a period of leave.

Government wish it to be realised that those who voluntarily give themselves up and show by making a full statement to the authorities that disloyalty has not entered into their conduct have nothing to fear. Those, on the other hand who attempt to carry out promises made to the enemy and engage in espionage or subversive activities, will be tracked down and punished with the utmost severity.

It sometimes happens that those whose intentions are innocent visit their homes to take the advise of their elders about what they should do. Government wish to emphasise that the only good advice which can be given them is that they should report at once to the nearest District Magistrate or Superintendent of Police, and lay the full and true facts before the officials who deal with them. Indeed, it is the duty of the public at large to report to the authorities any one suspected of being an enemy agent and to help in effecting the arrest of such persons.

R. Tottenham,
Additional Secretary to the
Government of India.

EDUCATION SECRETARIAT.

No. M. 4208—*G. M.* 53-44-2, *dated* 4*th November* 1944.

The following note regarding the entry into Australia of Indian merchants, tourists and students is published for general information :—

By special arrangements between the Government of the Common-wealth of Australia and the Government of India, facilities are given for Indians who are *bona fide* merchants, students or tourists to enter Australia and remain so long as they retain their status of merchants, students or tourists and comply with the conditions of their admission.

These conditions are :—

1. MERCHANTS.

The term "merchant" in this connection means a person who proposes and is in a position to engage

in promoting trade between Australia and India on a wholesale basis and to a reasonably substantial extent. The value of such overseas trade whether imports or exports should be not less than £500 each year. The term "merchant" does not apply to hawkers and ordinary retail shop-keepers.

If an established business house in India wishes to send a representative to open a branch in Australia, there would be no objection to its doing so on the understanding that the abovementioned conditions would be complied with. If the volume of overseas trade exceeded £1,000 a year in value the representative would be permitted to introduce an assistant.

The manager would be entitled to introduce his wife and minor children with him.

If an established firm doing overseas trade wishes to send a representative to Australia to investigate conditions or book orders, there is no objection to their doing so. Previous authority to land is not necessary but it is desirable that the representative should hold some credentials in addition to a valid passport.

If an Indian merchant wishes to come to Australia to engage in retail as well as wholesale business, it is desirable that full particulars be first furnished to the Department of Interior Canberra, and advice sought as to whether there would be any objection.

Business assistants—local traders.

An Indian engaged in local trade in Australia (other than hawking) would be permitted to introduce an assistant provided his business had a turnover of at least £5,000 year.

In the case of an aged Indian who had a business of longstanding (say of 15 years or more), favourable consideration would be given to the question of allowing him to introduce an assistant or substitute if the business had turnover of at least £2,500.

2. TOURISTS.

The term "tourist" is intended to apply to persons who go to Australia for pleasure travel and sight-seeing and have sufficient funds for the purpose without engaging in lucrative employment there. Tourists should also hold return tickets or tickets to destinations beyond Australia.

Bona fide tourists visitors to Australia, of good standing, may bring Indian servants with them if they so desire. The only requirements are that the servants have passports and return tickets (or tickets to destinations beyond Australia), and that their master guarantees to maintain them while in Australia and to take them back when he leaves. This concession does not apply to Indian servants whose employees intend to remain in Australia indefinitely.

The Australian Customs Tariff permits the importation, free of duty, of tourists' personal effects. These may be brought into Australia without the usual customs entry, and a liberal view is taken as to what goods are covered by the tariff exemption.

3. STUDENTS.

Students should make arrangements before arriving in Australia to attend a School, College, or University. They must be full-time students and furnish satisfactory guarantees for maintenance whilst in Australia. Indian students are not permitted to engage in lucrative employment in Australia

It is desirable, as a rule, that any intending students should communicate beforehand with the Australian Department of the Interior and state what arrangements they propose to make in regard to their studies in Australia and their means of maintenance whilst there.

NOTE.—In the interpretation of Australia's policy of excluding persons of non-European race or descent from permanent residence in Australia, persons of more than fifty per cent of European parentage, are not subject to exclusion.

In cases where there exists a doubt in the mind of the Passport Authority regarding the issue of passports for permanent residence in Australia e.g. to Anglo Indians or wives of British subjects, the proper course is for the facts to be placed before the High Commissioner for the exercise of his discretion."

Press Communique.

CARGOES *Ex* GERMAN SHIPS AT MARMUGAO.

In their Commerce Department Press Communique dated 29th April 1943, the Government of India announced that the three German ships "Braunfels," "Ehrenfels" and "Drachenfels," which had been sheltering in Marmugao, were scuttled there on 9th March 1943. From information so far received by the Government of India, it appears that most of the cargoes which were on board those ships at the time have either been destroyed or are irrecoverable.

The Government of India also understand that the London Chamber of Commerce Scheme for the recovery of the cargoes *ex* German ships has fallen through, as the Chamber find themselves unable to do anything further in view of the present changed circumstances. Messrs. Cos and Kings (Agents), Limited, Bombay, who were the agents in India of the London Chamber of Commerce, are accordingly returning to cargo-owners the shipping documents which were lodged with them.

Owners of cargoes and those interested in consignments *ex* the above ships are, therefore, advised to register their claims in respect of such cargoes with the Director of Commercial Intelligence, 1, Council House Street, Calcutta, with a view to facilitating any settlement that may be possible after the conclusion of the War. It is emphasized that this step must be regarded as being without prejudice to the scope and method of any such settlement and that the Government of India do not accept any responsibility regarding the validity of the claim for guarantee that the claims will eventually be met or compensated for.

Under Section 8 of the Mysore Factories Act, 1936 (1 of 1936), the Government of His Highness the Maharaja of Mysore, are pleased to exempt "The Coorg Industries and Saw Mills, Mysore," from the provisions of Sections 34, 36 and 37 of the above-said Act, for a period of eleven days from the 5th October 1944.

No. S. R. 2256—*L. W.* 42-43-8, *dated Bangalore, 27th November* 1944.

Under Section 12 (4) of the Mysore Labour Act XIII of 1942, as amended from time to time, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the accompanying report of the Chief Conciliator in Mysore in the matter of the industrial disputes between the Managements and the Labour Associations of the Nandydroog Mines, the Oorgaum Mines, the Champion Reef Mines, the Mysore Mines, and the Electricity Department of the Kolar Gold Field area.

By Order,

K. SUBBA RAO,
Secretary to Government,
General Department.

Letter No. C. C. Nos. 23-27—43, dated 21st November 1944, from the Chief Conciliator in Mysore, Bangalore, to the General Secretary to the Government of His Highness the Maharaja of Mysore:—

I have the honour to make the following report under Section 12 (4) of the Mysore Labour Act, 1942, relating to disputes between the Managements and the Registered Labour Associations of the undermentioned Mining Companies and the Electrical Department in the Kolar Gold Fields Area, on the question of linking the Dearness Allowance with the cost of living index and paying annas two for every point over 100 in the cost of living index figures.

C. C No. 23—43.—Nundydroog Mines.
C. C. No. 24—43.—Oorgaum Mines.
C. C. No. 25—43.—Champion Reef Mines.
C. C. No. 26—43.—Mysore Mines.
C. C. No. 27—43.—K. G. F. Electricity Department.

2. The notices of change in these cases were simila and issued by the concerned Labour Associations, copy of which is appended. The Assistant Commissioner of Labour, Oorgaum Division, tried to bring about settlements between the parties, but his efforts were not successful. Hence all the cases were referred to me by the Commissioner of Labour by letters, dated 1st and 13th May 1944. After receipt of instructions from Government in their No. G. 272—L. W., dated 4th July 1944, the cases were posted for 17th July 1944.

3. On that date all the parties (the Superintendents of the Companies representing the Managements and the Presidents or Secretaries of the Associations representing the Labourers) having met, the conciliation proceedings were started. As the question was similar in all the cases, they were taken up together.

4. The representatives of the several Companies suggested to the Labour Associations to withdraw the notices of change for which the Associations contended that the demand was just and fair and was made after a mature consideration of the conditions and hence could not be withdrawn. The representatives contended that their financial position did not warrant any such experiment on the question of Dearness Allowance. As the work in the Mines was not in full swing due to limited supply of power, it was suggested that the question might be taken up after normal conditions prevailed. The representatives wanted time at least till next year on the ground that the working loss during the year was very heavy and that it may be possible to get over this difficulty in the next year. But the Associations urged that the question should be decided early as there were signs of work being resumed in full swing early. When the Labour Association wanted to know the percentage of employees that were then working, the Managements were unable to furnish the statistics. Hence it was suggested that the cases might be taken up on 9th August 1944.

5. On 9th August 1944 when all the parties assembled, the conciliation proceedings were continued. The representatives of the Managements contended that the financial position was very bad, as the output of gold was very low, on account of limited supply of power. The Associations contended that 70 per cent of the power was being supplied. They also said that the wages outside being attractive, the labourers would go out in search of work, when the Mines would find it difficult to secure adequate labour. The Managements stated that the supply of power was not uniform and was not sufficient for crushing. The Association contended that the labourers were finding it increasingly difficult to maintain themselves in view of the rise in the cost of living and that it was very necessary that enhanced rates of Dearness Allowances be given to them. The representatives of the Managements on the other hand, urged that the profits were only 50 per cent of what they were formerly and that they had to pay a heavy tax of 41 lakhs of rupees to Government who should give them some relief before they could give relief to the labourers and suggested to the Labour Association to withdraw the demand.

6. Then it was suggested that the question might be considered when full power was supplied. It was contended for the Managements that they were not convinced whether the enhanced rate of Dearness Allowance was necessary at all. The Labour Associations urged that the demand did not rest on the supply of power but on the merits, and wanted that it should be met. It was suggested that some enhanced Dearness Allowance might be paid out of the reserve funds to stop the migration of the labourers, as otherwise the Company would be put into a greater loss on account of scarcity of labour. The Managements asserted that they were not in a position to pay higher rates nor would they be able to consider the question some time later. After the consequences of the failure of the conciliation proceedings were explained to them, they agreed to consider the question some time in January 1945, but the Association suggested that it might be taken up in the month of October 1944. Hence the cases were adjourned to 26th October 1944.

7. As I could not proceed with the cases on 26th October 1944, consequent on my going on 13 days' privilege leave from 23rd October 1944, the statutory period of one month was extended under Section 12 (1) by a fortnight in Government Notification No. S. R. 1897—L. W. 12-43-5, dated 31st October 1944. Therefore the cases were continued on 16th November 1944.

8. The Labour Associations again contended that the demand was just and reasonable, that it was not possible for the Companies to progress with the labourers not being contented and that without enhanced rates of Dearness Allowance they could not make both ends meet. But the Management did not change their argument which urged from the beginning, *viz.*, that their financial position was bad and that as such it was not possible for them to consider payment of enhanced rates of Dearness Allowance. Thus not having been able to find a common ground between the parties, no agreement was possible.

9. I have, in the circumstances, to make this report of the failure of the proceedings in the conciliation.

ANNEXURE.

13*th April* 1944.

In view of the fact that the present scale of Dearness Allowance paid to the employees is quite inadequate to compensate the rise in the cost of living, the Association desires that the present scale of Dearness Allowance be revised as follows :—

(1) The Dearness Allowance paid to be linked up with the cost of living index.

(2) For every point over 100 in the cost of living index figures, annas two be paid.

Under Section 12 (4) of the Mysore Labour Act XIII of 1942 as amended from time to time, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the accompanying report of the Chief Conciliator in Mysore in the matter of the industrial dispute between the Registered Labour Association and the Management of the National Beedi Factory, Bangalore City.

By Order,
K. SUBBA RAO,
Secretary to Government,
General Department.

Copy of letter No. C. C. 5—44, dated the 15th November 1944 from the Chief Conciliator in Mysore to the Secretary to Government, General Department:—

I have the honour to make the following report under Section 12 (4) of the Mysore Labour Act, 1942, relating to a dispute between the National Beedi Factory, Bangalore City and its Registered Labour Association on the question of enhancement of piece-work rates.

2. The notice of change in this case was issued by the Labour Association on 6th September 1944 and the same is appended. The Assistant Commissioner of Labour, Bangalore Division, tried to bring about a settlement but found that this was not possible. Hence the Commissioner of Labour referred the case to me by a letter dated 22nd/25th September 1944 for conciliation.

3. The President of the Labour Association and the Management of the National Beedi Factory were requested to appear before me on the 14th October 1944 at Bangalore on which date the Labour Representative having not turned up, the proceedings were adjourned to 7th November 1944. On the 7th November 1944 the Proprietor, on behalf of the concern and the Vice-President and the Secretary of the Association appeared before me and the proceedings were initiated. The Association contended that though the rates paid at present by the Management are higher than those paid in other factories in Bangalore, still higher rates have been demanded now in consideration of the abnormal rise in the cost of living and the same have to be paid. The Proprietor on his part contended that he had already agreed to pay one anna more than the existing rates and that it was being accepted by the bulk of the workers who were working and receiving revised rates of payment. He further stated that it was only a small number of the workers (working in one of the branches) that were keeping back from work agitating for further rise in the rates. After some more discussion both the parties agreed to have the proceedings adjourned to 9th instant so that both of them might think out and come with definite proposals as to the maximum extent each side could concede. Accordingly both the parties met on 9th instant and continued the discussion (The President and the Assistant Secretary of the Association were also present).

4. The Proprietor contended that he was paying higher rates than those that were being paid in the oldest factory (*viz.*, Bavis Factory). Now that he had raised the rates along with others by one anna though his previous rates were higher than those existing in other factories, he stated that he could not increase the rates any further. The Association contended that certain types of beedies were of a special feature of this factory requiring much time and labour and as such the rates now demanded were but reasonable. After some more discussion it was suggested to both the parties that they might leave the entire matter to the decision of the Chief Conciliator who was willing to suggest his own solution, if both sides were willing to abide by it. The Labour Representatives after consultation among themselves agreed to the above proposal. But the proprietor wanted time to consider the matter. The Labour Association having no objection, the proceedings were adjourned to 11th instant.

5. On that day both the sides appeared and the proceedings continued. The proprietor said that since he had raised the rates by 3 annas within a short period of about six months, he could not agree for any rise over the rates he had already agreed to and hence he could not leave the matter to the discretion of the Chief Conciliator. Thus not having been able to find a common ground between them no agreement was possible.

I have in the circumstances to make this report of the failure of the proceedings in the conciliation.

ANNEXURE.

1. The present rate of wages given to workers in the National Beedi Factory are very meagre and inadequate. They should be increased as shown below:—

BUSINESS CORRESPONDENCE WITH LIBERATED ITALY.

In accordance with similar action taken by His Majesty's Government in the United Kingdom and the Government of the United States of America, the Government of India have authorised persons and concerns in British India to have commercial, financial and other correspondence with liberated Italy, subject to such conditions as are specified below.

Banks and other Financial institutions may now reply to requests for information from the depositors in liberated Italy, but remittances between British India and liberated Italy, unless specifically authorised are not permissible. Documents such as birth, death and marriage certificates may also be transmitted. There is also no objection to Indian and Italian firms exchanging business information with a view to the future resumption of business relationship. It should, however, be clearly understood that the resumption of private trade is not yet permissible and that the despatch of powers of attorney and proxies to Italy will be permissible, subject to the prior permission of the Government of India in the Commerce Department.

Italian-owned property in India will continue to be governed by the Defence of India Rules and to be under the general control of the Custodian of Enemy property, Bombay. British subjects resident in Italy, who desire to obtain a release of their property in India should apply to the nearest British Consul.

Arrangements have also been made for the release in Italy of property (immoveable or otherwise) owned by British subjects to its original owner or his authorised agent. *Prima facie* evidence of ownership should be supplied but original documents of title should not be forwarded, unless specifically requested. Applications and enquiries in this regard should be addressed by persons in Italy to the nearest British Consul and by persons in India to the Government of India in the Department of Commerce, Simla.

Correspondence for Italy can be despatched to the liberated Provinces of Italy and under the conditions notified in the postal notices and press communiques issued, from time to time, by the Indian Posts and Telegraphs Department. Inquiries, in this connection, may be made at any Post Office.

GENERAL SECRETARIAT.

Notification No. S. R. 2517—L.W. 54-44-7, dated 18th December 1944.

In accordance with Section 12 (4) of the Mysore Labour Act No. XIII of 1942 as amended from time to time, the Government of His Highness the Maharaja are pleased to publish for general information the accompanying Report of the Chief Conciliator in Mysore, in the matter of the industrial dispute between the Management of the Gaffar Beedi Factory, Mysore and the Labour Association of the said concern.

By Order,
K. SUBBA RAO,
Secretary to Government,
General Department.

Copy of letter No. C. C. 19—44, dated 11th December 1944, from the Chief Conciliator in Mysore, Bangalore and of its enclosures :—

I have the honour to make the following report under Section 12 (4) of the Mysore Labour Act, 1942 relating to a dispute between the Management and the Registered Labour Association of the Gaffar Beedi Factory, Mysore, on the question of reinstatement of Mohamed Khan, a dismissed worker.

2. The notice of change in the above case was issued by the Gaffar Beedi Factory, Mysore, on 1st October 1944, a copy of which is appended. The Assistant Commissioner of Labour Bhadravati Division, having failed in his attempts to bring about an agreement between the parties, the case was referred by the Commissioner of Labour in Mysore, Bangalore, under cover of his letter dated 25th October 1944, for instituting conciliation proceedings. The case was taken on file and posted for hearing on 29th November 1944 at Mysore.

3. On that date both the parties being present conciliation proceedings were initiated. The Labour Representative contended that when Mohamed Khan, the Secretary of Labour Association approached the Management on the morning of 21st September 1944 to represent the grievances of the workers he was dismissed, without any just cause being shown and that he should therefore be reinstated. The Management contended that the dismissed worker used a very contemptuous term to the Management in the presence of all other workers, meaning thereby that he had a hatred to work in their factory and that therefore he was dismissed. The labour Representatives further contended that the word "NEPHRUT" was not meant to bring the Management into contempt; but on the other hand he (Mahomed Khan) meant that discontentment would spread among the workers if the attitude of the Management was not changed. They therefore demanded not only the reinstatement of the dismissed worker but also com-

cessation of work in the factory resulting out of the dismissal of the worker which in their opinion was a lock out. Their attention was drawn to the declaration by the Registrar of Associations to the effect that the cessation of work in question amounted to an illegal strike and it was also pointed out that the issue should not be complicated unnecessarily by tagging on other issues which had already been decided. The management stated that the dismissed worker was constantly instigating other workers to continue the strike though other workers wanted to resume work, and that the reinstatement of the worker could not be considered at all. Even after much discussion, it was not possible to find any common ground for arriving at an amicable settlement between the parties.

I have, in the circumstances, to make this report of the failure of the proceedings in the conciliation.

Letter dated 1st October 1944 from the Gaffar Beedi Factory Labour Association, Mysore, Lashkar Mohalla, Mysore, to the Proprietor, Gaffar Beedi Factory, Mandi Mohalla, Mysore.

In accordance with the provision contained in the sub-section (2) of Section (10) of the Mysore Labour Act, 1942, we hereby beg to give you notice that we desire a change in accordance with the statement appended in the annexure to this form.

Annexure.

Statement of the Case.

On 21st September 1944, Mr. Mahomed Khan, Secretary of the Gaffar Beedi Factory Labour Association received a letter No. 25, addressed to Mr. Mahomed Khan, Beedi Worker, Anjaman Road, Mandi Mohalla, Mysore, signed by Syed Abdul Salam for S. A. Kareem and Brother saying that he was dismissed and a copy of the same has been sent to us by the Assistant Commissioner of Labour, Bhadravati Division, in his No. 3240—44-45. We on enquiry found that no such unmannerly words have been used with a malicious intention by the aforesaid Mahomed Khan and as such desire that he be reinstated forthwith.

No. S. R. 2527—L. W. 55-44-2, dated Bangalore, 18th December 1944.

Under Section 12(4) of the Mysore Labour Act XIII of 1942, as amended from time to time, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the accompanying report of the Chief Conciliator in Mysore relating to a dispute between the management and the Registered Association of the Mysore Spinning and Manufacturing Co., Ltd., Bangalore, on the question of the reinstatement of two dismissed workers (S. Varadaraj and Kannan).

Copy of No. C. C. 3—44, dated 12th December 1944 from the Chief Conciliator in Mysore, Bangalore :—

I have the honour to make the following report under Section 12(4) of the Mysore Labour Act 1942, relating to a dispute between the Management and the Registered Labour Association of the Mysore Spinning and Manufacturing Co., Ltd., Bangalore, on the question of the reinstatement of two dismissed workers (S. Varadaraj and Kannan).

1. The Notice of change in the above case was given by the Mysore Mills Labour Association on 25th August 1944, copy of which is appended. The Assistant Commissioner of Labour, Bangalore Division having been unsuccessful in his attempts to bring about an agreement between the parties, the Commissioner of Labour in his letter No. C. I. D. 12—1944-45, dated 8th September 1944, referred the case to the Chief Conciliator for instituting conciliation proceedings. The case was taken on file and posted for hearing to 17th October 1944, but as the Labour Representative did not appear on that date the same conciliation proceedings were initiated. The Labour Representative contended that the Management dismissed the two workers chiefly because they were working in the executive committee of the Labour Association and that their action in that behalf was questionable and wanted their (workers') reinstatement. The Management contended that the two workers were dismissed because they had taken the lead in a strike which occurred recently in the Mills, and that if this action had not been taken, the position of the Management would have been jeopardised. They also filed records relating to the enquiry held by the General Manager leading to their dismissal. The Labour Representative contended that the two workers could not have resumed work for fear of intimidation by the others who were on strike, even though they themselves desired to resume it and that the two workers involved were innocent and as such their case was deserving of consideration. The Management stated that there were frequent strikes in those sections in particular, and that the workers in question did not have a good record of work to their credit. The Labour Representative was of opinion that no proper enquiry had been held and that the workers had not been given a chance to explain their position and he therefore wanted permission to record and file the statements of the workers. It was pointed out that the additional facts could have been brought to notice at the time of enquiry and dismissal and again before the Assistant Commissioner of Labour and that there was no basis for admitting now. At that stage the case was adjourned to 14th November 1944.

On the latter date the Representatives met and the conciliation proceedings were continued. The Labour Representatives filed two statements made by the workers in question stating that on the day of strike they could not resume work for fear of intimidation from the others who were not working. When these statements were read out, the Management stated that the workers had not at all raised the point regarding threat of intimidation, etc., at the time of enquiry, and that this was plainly the result of an after thought. The Labour Representative contended that though the workers might not have expressed these feelings at the time, still it was a fact that they were exposed to such threats by other workers, and that the dismissal was not proper under such circumstances. It was suggested at that stage that after inflicting a lighter punishment, the workers might be taken on duty again as the loss of appointment during the interval would itself be a sufficient punishment. The Labour Representative further urged that the workers were the members of the executive committee and were loyal and trustworthy and should be reinstated. It was suggested that the Labour Representative along with the two dismissed workers should discuss the matter freely with the General Manager in presence of the Assistant Commissioner of Labour, Bangalore Division, and explain their position. Hence the case was therefore adjourned for this purpose.

After hearing from the Assistant Commissioner of Labour, that the Labour Representative had an interview with the General Manager at which he was also present and that no agreement had transpired, the case was again posted to 5th December 1944.

When the Representatives met on 5th December 1944, the Management stated that they were not agreeable to reinstate the workers and the Labour Association was not prepared to withdraw the notice of change. After much discussion it was found that the parties were not likely to come to an amicable settlement.

I have, in the circumstances to make the report of the failure of the conciliation proceedings.

Letter No. 1036—M. M. B. dated 25th August 1944 from the Secretary, Mysore Mills Labour Association, Bangalore city, to the General Manager, The Mysore Spinning & Manufacturing Co., Ltd., Bangalore :—

1942, we hereby beg to give you notice that we desire a change in accordance with the Statement appended in the annexure to this form.

Annexure.

Reinstatement of M/s. S. Varadaraj—S. Drawing 13, and Kannan Weaving 118.

The two employees for whose reinstatement this notice of change has been given were wrongfully and illegally dismissed on 22nd July 1944 on the ground that they participated in a strike in contravention of the Mysore Labour Act by certain employees on the Mills. Both the dismissed employees are members of the Executive Committee of the Mysore Mills Labour Association. Both the employees could not have, and as a matter of fact, did not participate in the said strike on 22nd July 1944. The Association further invites the attention of the authorities as well as the Management to the fact that the strike or cessation of work cannot be considered illegal in any sense of the word in view of the fact that the management have by their letter dated 27th July 1944 addressed to the Registrar of Associations withdrawn their application to declare the alleged cessation of work as an illegal strike.

The Management have deliberately and with a view to victimise the said employees who are active members of the Labour Association and to get rid of them have summarily and without even giving them an opportunity to answer the charge levelled against them have wrongfully and illegally dismissed them. As no opportunity was afforded to the said employees to answer the charge that they participated in a strike in contravention of the Labour Act, the dismissal is in any event wrongful and illegal.

The wrongful and illegal dismissal of the said two employees works grave injustice and hardship as both of them have served the employer Mills loyally and faithfully for a long number of years.

As the order of dismissal is unsustainable in law or in equity nor warranted by the facts and circumstances of the case, this notice has been given calling upon the Management to reinstate the dismissed employees.

By Order,

K. SUBBA RAO,
Secretary to Government,
General Department.

If, however, a candidate reports to the Superintendent in charge of the examination room, that his machine has gone out of order, the Superintendent will intimate this to the head of institution concerned if he is waiting outside on the premises and will permit such head of institution to enter the examination room (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex-gratia* the whole responsibility resting on the candidate and the head of institution.

3. A similar concession will be allowed in the case of a private candidate, if he has some one outside who is willing to inspect the machine and put it right, etc.

4. No extra time will be given to candidates to compensate for loss of time while the machine is out of order and is being set right.

6. At the top of the Admission Ticket, the Batch Number may kindly be written in Roman figures boldly in red not less than two inches in height with the following certificate signed by the Head of the Institution which must be shown at the entrance to the Examination Room to the Room Superintendent concerned :—

this institution to the Chief Superintendent of the Examination at this Centre.

A similar certificate must also be produced by a private candidate signed by a recognised institution.

7. All the machines will commence work from the I Batch, except the machines on which there are individual candidates, who will work only in the III Batch.

8. Candidates will have to provide themselves with typewriters, rulers, carbon papers, etc., required for the examination.

9. Managers and instructors are hereby informed that they should distribute carbon papers, etc., to their candidates before they enter the Examination Hall. No one is allowed to pass the same from one batch to another.

10. Strict silence should be maintained in the Examination Hall.

11. The Heads of Institutions and private candidates are requested to instal their typewriters on tables provided for them in accordance with the numbers assigned for each machine in the Examination Hall at 6 A.M., on the days of the examination. Under no circumstances they are allowed to change the tables or their numbers. The machines can be removed only after the close of the examination.

12. An identification card showing the allotted machine must be tied to the back right foot of the machine with the register numbers and names of the candidates with the batch noted against each. If any high stools, metal covers and base boards are brought by them, similar identification details with the name of the institution should be marked on them also.

13. The information required in the annexed form should be furnished separately for each grade in duplicate by the heads of the institutions and private candidates so as to reach the Chief Superintendent, Mysore Government Commercial Examinations, Mysore, Bangalore City and Shimoga on or before Saturday the 5th March 1944.

PUBLIC OFFICES.

Notification dated 27th December 1943.

Press Note.

It has come to the notice of Government that some misapprehension exists in the minds of the public that local authorities in certain areas have prohibited the harvest of crops like ragi, jola, etc., without the previous permission of the authorities concerned, and that the raiyats would be put to considerable loss if the crops deteriorate before such permission is granted. Government wish to make it clear that no such prohibition exists under the harvest scheme and that only the movement or transport of foodgrains is controlled under permits. Such permits are required only in cases where the residence or store of a holder of land is outside the village limits. No permit is required where the land and the residence of the holder are in one and the same village.

OFFICE OF THE DIRECTOR OF CIVIL SUPPLIES IN MYSORE, BANGALORE.

Notification No. 6372—*Spl., dated 25th December* 1943 —*3rd January* 1944.

It is hereby notified for the information of the public that declared holders as defined in Government Notification No. S.D. 3704-C—151-43-5, dated 3rd December 1943, will have to observe the following procedure when sending in the form of application for retention of stocks in H. S. Form No. 2.

1. Declared holders living in the rationed areas will, along with H. S. Form No. 2, duly filled in, send to the Amildar of the Taluk in which the lands are situate, an extract from the Ration Cards they hold, certified by an Honorary Magistrate or any Officer not lower in rank than an Assistant Food Inspector, giving details of the strength of the family, their names, ages and relationship to the holder. This is to avoid the Amildar of the Taluk where the land is situate having to make a reference to the Amildar of the Taluk where the 'Holder' lives for verification of these details and the consequent delays in the disposal of the case.

2. Absentee landlords and other declared holders residing in non-rationed urban areas or taluks other than those in which the land is situate, may similarly, in order to avoid delay, send along with H. S. Form No. 2, an affidavit before any Honorary Magistrate or any Officer not lower in rank than an Amildar containing particulars about the strength of the family of such declared holders, with names, ages and relationship of each person in the family to the holder.

3. The Amildar of the Taluk where the land is situate will accept the above as correct and take action to determine the quantity to be exempted to the holder on the basis of the above information.

Notification No. A4. 2441—43-44, *dated Chikmagalur, 4th January* 1944.

Whereas it is reported that "Rinderpest" is prevailing in the undermentioned villages in all the Taluks and the Sub-Taluks of the District and whereas it is necessary to prevent the spread of the disease to other parts, it is hereby notified as follows for the information of the general public, under Acts VI of 1899 and II of 1927 and Rules 6 and 12 of the rules framed thereunder.

1. That no person in any of the undermentioned villages having in his or her possession or under his or her custody any animal which has lived in the same shed or stable or in the same herd of flocks as an animal declared to be suffering from such disease shall allow it to mix with other animals or shall sell, exchange or transfer it.

2. That no owner or persons in charge of cattle within any of the undermentioned villages shall take his or her animal or animals outside the limits of the villages nor shall take his or her animal or animals to a gomal or common grazing ground, the right of grazing in which belongs wholly or in part to other villagers:

Provided that restrictions specified under paras 1 and 2 above shall not apply to cattle inoculated at least ten days prior to the date of such movement, sale or exchange.

3. That no person shall bring any cattle from such infected area to any cattle market or fair.

4. Persons intending taking cattle to Ottley cattle and Vegetable Farm from Chitaldrug, Hassan and other Districts should before entering the limits of Kadur District invariably obtain the necessary certificate from Veterinary Officer of the Districts of Chitaldrug, Hassan, to the effect that the cattle are inoculated successfully against 'Rinderpest' and are inoculated ten days prior to such movement as the movement of infected cattle from place to place helps the spread of Rinderpest. The certificate should describe in detail each individual animal protected by inoculation.

5. Any action done in contravention of this order will render the offender liable on conviction to a fine which may extend to Rs. 50 and to a further fine of Rs. 5 for every day during which the breach continues.

Whereas I am satisfied that there is danger of the spread of infection of "Rinderpest" to uninfected areas from Sutta Village in Hosnagar Taluk, if cattle from outside are allowed to be brought to Sutta Jatra in Sorab Taluk to be held on 27th January 1944, I, in exercise of the powers vested in me by Government under Acts VI of 1889 and II of 1927 and rules 6 (*a*) and 12 of the rules framed thereunder, prohibit the collection of cattle at Sutta Jatra for a period of four weeks from the date of this notification.

Any action done in contravention of this order will render the offender liable on conviction to a fine which may extend to Rs. 50 and to a further fine of Rs. 5 for every day during which the breach continues.

All persons bringing cattle to the Jatra in contravention of this notification will be sent back.

Notification No. A4. 2441—43-44, dated Chikmagalur, 4th January 1944.

Whereas it is reported that "Rinderpest" is prevailing in the undermentioned villages in all the Taluks and the Sub-Taluks of the District and whereas it is necessary to prevent the spread of the disease to other parts, it is hereby notified as follows for the information of the general public, under Acts VI of 1899 and II of 1927 and Rules 6 and 12 of the rules framed thereunder.

1. That no person in any of the undermentioned villages having in his or her possession or under his or her custody any animal which has lived in the same shed or stable or in the same herd of flocks as an animal declared to be suffering from such disease shall allow it to mix with other animals or shall sell, exchange or transfer it.

2. That no owner or persons in charge of cattle within any of the undermentioned villages shall take his or her animal or animals outside the limits of the villages nor shall take his or her animal or animals to a gomal or common grazing ground, the right of grazing in which belongs wholly or in part to other villagers:

Provided that restrictions specified under paras 1 and 2 above shall not apply to cattle inoculated at least ten days prior to the date of such movement, sale or exchange.

3. That no person shall bring any cattle from such infected area to any cattle market or fair.

4. Persons intending taking cattle to Ottley cattle and Vegetable Farm from Chitaldrug, Hassan and other Districts should before entering the limits of Kadur District invariably obtain the necessary certificate from Veterinary Officer of the Districts of Chitaldrug, Hassan, to the effect that the cattle are inoculated successfully against 'Rinderpest' and are inoculated ten days prior to such movement as the movement of infected cattle from place to place helps the spread of Rinderpest. The certificate should describe in detail each individual animal protected by inoculation.

GOVERNMENT OF INDIA,

DEPARTMENT OF INDUSTRIES AND CIVIL SUPPLIES.

Office of the Textile Commissioner
Wittet Road, Ballard Estate,
Bombay, the 4th January 1944.

To

All Processors holding texmarks.

Sir,

A schedule of charges for various dyed and finished products is enclosed. This is being notified in the Gazette of India and is legally binding upon you.

2. To work out the ex-factory prices you have to stamp, you should add the scheduled charge for the process you have performed to the ex-mill price for the grey cloth or yarn listed in our Price Directory shortly to be issued. For goods manufactured after the 1st January, the mill will, except where it has sold at a lower rate, have stamped this on the cloth or yarn. If, however, the mill has stamped a rate lower than this, you should add your charge to the lower rate the mill has stamped, and if you are yourselves not charging the full amount you are permitted to, you should only take into account in working out the price, the amount you have actually charged.

3. The maximum retail price to be stamped will, in all cases be 20 per cent above the ex-factory price you stamp.

For example :—

(1) Where the scheduled rates are charged.—

	Rs.	a.	p.	
Ex-mill price for a piece of 21 yards cloth, weighing 5 lbs.	20	6	0	per piece
Add				
Dyeing charges of Hydron Blue at annas 12 per lb.	3	12	0	do
Finished ex-factory price to be stamped ...	24	2	0	do
		or		
	1	0	1	per yard
Add 20 per cent for retail price (per piece)	28	15	0	per piece
Retail price to be stamped on cloth ...	1	3	3	per yard

(2) Where the factory charges a lower rate.—

	Rs.	a.	p.	
Grey price	20	6	0	per piece
Add				
Dyeing (contract charges) charges at annas 10 per lb.	3	2	0	do
Finished ex-factory price to be stamped ...	23	8	0	do
		or		
	0	15	8	per yard
Add 20 per cent for retail price (per piece)	28	8	0	per piece
Retail price to be stamped on cloth ...	1	2	10	per yard

(3) These prices should be stamped on the faceplait of the cloth or on the tex mark label of yarn, immediately below the texmark, like this :—

		Per yard Rs.	a.	p.
These letters and figures must be at least ⅛" in height.	EX-FACTORY PRICE ...	1	0	1
	RETAIL ...	1	3	3

(4) For fents, cut pieces and sub-standard pieces, the price taken should be ex-mill price which may

have been stamped in terms of yards, lbs. or pieces, but it should in no case exceed the price fixed for corresponding quantity of a full piece of that variety.

(5) You must keep a complete record of the goods received, the ex-mill and retail prices, if any, stamped on them, trade mark or mill number, the texmark number and the name of the month in which they were packed, your process charges and the ex-factory and retail prices stamped by you in the following form :—

Mill (1)	Trade mark or number (2)	Texmark (3)	Month of packing (4)	Quantity received (5)

Ex-mill price stamped on grey cloth (6)	Our process charges (7)	Ex-factory price stamped by us (8)	Retail price stamped by us (9)

(6) If you do any process for which no charge has been laid down, in the schedule, you should write to the Chairman of the Textile Control Board, 16, Apollo Street, Fort, Bombay, giving full details of your process and samples and asking him to fix the price you may charge. You must not stamp any price until it has been fixed by him, accepted by the Textile Commissioner, and notified in the Gazette.

I have the honour to be,
Sir,
Your most obedient servant,
M. K. VELLODI,
Textile Commissioner.

MISCELLANEOUS DEPARTMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, BANGALORE.

(PUBLIC OFFICES.)

Notification, dated 29th January 1944.

Press Note.

The quantities up to which the several officers are empowered to issue permits for transport of food-grains from place to place, have been indicated in Notification No. 6805-6—Spl., dated the 11th January 1944, published on page 34, Part III—2 of the *Mysore Gazette*, dated the 13th January 1944 and also in Press Notes, dated the 11th and 12th January 1944.

The public are further informed that the permit should be surrendered immediately after a consignment is transported at the place of destination, whether the entire quantity mentioned in the permit has been moved in that consignment or not. With a view to avoiding difficulties likely to be caused by such surrender of permits in cases where the entire quantity permitted cannot be moved in one consignment, it is necessary that applications should be made only for the particular quantity which is intended to be moved in that trip. Separate permit or permits should be obtained for each consignment.

The abovementioned restrictions are found to be necessary to note movements of grains and to check the abuse of permits by transport of quantities larger than allowed.

OFFICE OF THE DIRECTOR OF CIVIL SUPPLIES IN MYSORE, BANGALORE.

Notification No. 7907—Spl., dated 3rd February 1944

PRESS NOTE.

Doubts have been raised as to whether there should be only one application form in H. S. 2 even in cases where a person holds lands in more than on e Taluk or whether separate formsa re required—one for each Taluk. The following procedure is prescribed and will be adopted.

One form in H. S. 2 will be filled for the Taluk from which the declarant wants to get his produce. He will merely indicate in this the details of lands held by him in other Taluks. If the space provided in the form for furnishing the required information is not sufficient, blank paper may be used for the purpose. The allowance with regard to the foodgrains in respect of that declared holder will be ordered by the Amildar of the taluk from which the foodgrains are sought to be taken by the holder, according to the entries on the reverse of H. S. 2 by himself. If the declarant holds lands in several taluks, and the grain that could be allowed to him from any one place is insufficient or does not fully cover his needs as determined by the Amildar, he can bring additional quantities of grain to make up the total from the other taluks giving another application to the other taluk noting therein clearly the amount already allowed and the balance to be given. Regarding Taluks from which he does not want to get any produce, he will merely fill up as many H. S. 2 forms as are necessary—one for each taluk giving details of lands held in that taluk and adding that the entire produce in these taluks have been arranged to be delivered.

A simple form for such cases is separately being printed and will be made available.

B. S. NANJUNDA GOWDA,
For *Director and Additional Textile Commissioner.*

GOVERNMENT OF INDIA.

DEPARTMENT OF INDUSTRIES AND CIVIL SUPPLIES.

Office of the Textile Commissioner
Wittet Road, Ballard Estate,
Bombay, the 22nd January 1944.

PRESS NOTE.

Following on recent meeting of the Textile Control Board, it has been decided that embroidered goods and tapestries should be exempted from the tex-marking and price-marking provisions of the Cotton Cloth and Yarn (Control) Order by the Textile Commissioner whenever he is satisfied in the case of tapestry that it cannot be used for any other purpose and in the case of embroidered goods, that there has been a substantial change in the nature of the cloth as a result of the embroidery added to it.

It has been further decided that furnishing fabrics other than tapestries which cannot be used for any but this purpose should be exempted from the fixing of any retail price by the Textile Commissioner, if he is satisfied that this condition is fulfilled. The Ex-mill ceiling price (or contract price if it is less) will continue to be stamped on these goods.

Manufacturers of cloth and embroiders wishing to take advantage of these exemptions should apply at once with samples to the Textile Commissioner. A separate application should be made for each variety quoting the number and other distinguishing marks appearing on the cloth. It is emphasised that in every case an individual exemption certificate must be obtained from the Textile Commissioner.

Notification, dated 2nd—3rd February 1944.

The attention of Mills and Factories is invited to Government Notification No. D. 4505—I. & C. 54-43-30, dated 12th January 1944 prescribing that (*a*) the *Ex*-mill ceiling price or contract price whichever is less, and (*b*) the maximum retail price determined by adding 20 per cent to the *Ex*-mill price under (*a*) shall be stamped on all goods delivered by a manufacturer after the 30th November 1943, in letters and figures not less than half an inch in height and in the form referred to therein. In order that everyone concerned may follow these regulations carefully the following explanatory [illegible]

as to serve as a guide in giving effect to the various requirements:—

SIZE OF STAMP.

The minimum height of letters and figures should be half an inch.

PARTICULARS TO BE STAMPED.

A.—*Mills* will be required to stamp on the *face plait of the cloth ex*-mill and retail prices in the following manners:—

Ex-mill	...	... 0 0 0
Retail	...	... 0 0 0 per yard

NOTE:—The *ex*-mill price must be either the price per piece for the actual yards in that piece or the price per yard. For example, mills cannot stamp Rs. 30—0—0 on a 38 yards piece if Rs. 30—0—0 is the ceiling price fixed for a 40 yards piece; all they can stamp is Re. 0—12—0 per yard. All retail prices must always be per yard, except in the case of dhoties, sarees, towels and such goods as are sold without being cut, in which case the price should be per unit of sale.

Exemptions:—Cloths to be exempted from price stamping are Standard Cloth, cloth and yarn required for defence purposes, fents under 5 yards, handkerchiefs and small-ware goods such as small towels provided they are less than 24″ square. Everything else must be stamped.

B.—In the case of *yarn*, the prices should be stamped on the label bearing the 'TEXMARK' and the month of packing prescribed in Government Notification dated 7th August 1943.

C.—Power Looms and small scale factories which are purely weaving units should stamp prices on their manufactures, but they should use the word '*Ex*-factory' instead of the word '*Ex*-mill'. The mode of stamping of other particulars will remain the same as in the case of mills.

D.—In the case of purely dyeing, printing and bleaching establishments, *i.e.*, processors, the mode of stamping will be the same as for weaving factories. What they will be required to do will be to add the charges for the particular processing as may be agreed with the Chairman, Textile Control Board, or the local member of the Industry's Committee of the Control Board, to the *ex*-mill ceiling price of the particular cloth they are processing; and this will be the *ex*-factory price to be stamped on the piece. An addition of 20 per cent above *ex*-factory price will give the retail price.

E.—When cloth or yarn is received by a mill from outside merchants or dealers for processing, the same procedure as in paragraph '*D*' above should be followed.

A sample cutting of cloth showing the manner in which stamping of price should be carried out is attached, the letters and figures indicating the price must, however, be not less than half an inch in height.

IMPORTANT.

Mills and/or factories are at liberty to sell below the *ex*-mill or *ex*-factory ceiling price, in which case the price to be stamped should be the contract price and the retail price will be 20 per cent above the contract price.

Short Lengths:—Five yards and over and all substandard goods should be stamped either per pound or per yard or per piece, at the option of the mills or factories, but such prices should in no case exceed the maximum ceiling prices fixed for the particular cloth.

All ceiling prices cover the usual customary allowances like commission, discounts, brokerage and sahi and no additional charges over and above the ceiling prices are to be made.

For *Director and Additional Textile Commissioner.*

MISCELLANEOUS DEPARTMENTS

OFFICE OF THE SPECIAL OFFICER OF CIVIL SUPPLIES IN MYSORE, BANGALORE.

PRESS NOTE.

Under the existing orders for the acquisition of surplus foodgrains available out of the harvest, the shanbhog of every village is expected to maintain accounts showing the surplus foodgrains available with each declared holder, quantity actually surrendered and the balance still to be surrendered. With this end in view, every declared holder, who has surplus foodgrains for surrender to Government Purchase Depots, has to obtain from the Shanbhog of the village, from which the grain is to be moved a triplicate form H. S. 3 written up, which will be surrendered at the purchase depot, along with the grain and the trifoil obtained with the signature of the depot clerk as a receipt for the grain delivered. This form also serves the purpose of a transport permit to enable the declared holder to move his grain to the depot. The original foil will be returned by the depot clerk, to the shanbhog of the village, who issued the form for making necessary entries in his accounts.

The examination of the working of the harvest scheme for the last two months revealed that there are certain practical difficulties in getting these forms promptly from the shanbhogs, as the shanbhogs have to deal with several villages and they will not always be available in the village itself from which the grain has to be moved, resulting in considerable inconvenience to the declared holders. To avoid such inconvenience and to give better facilities in this regard to the holders, it is now proposed to entrust the work of issuing H. S. 3 forms to patels of villages also who are generally resident in the village concerned and are therefore more easily accessible. Instructions have accordingly been issued to the Deputy Commissioners of Districts to make these forms available with the patels also in addition to shanbhogs so that the declared holders may get the forms from either of them.

K. SRINIVASAN,
Special Officer.

The attention of the dealers in cloth is invited to Clause 8 (1) (b) of the Cotton Cloth and Yarn (Control) Order, 1943, directing that no cloth (other than handloom cloth) or yarn manufactured before the 1st August 1943 should, unless expressly authorised by the Additional Textile Commissioner, be kept undisposed of by any dealer or by any person holding on behalf of a dealer, after the 31st December 1943. The dealers are informed that notwithstanding the provisions contained in the above clause they are permitted to keep and dispose of such cloth or yarn as aforesaid subject to the following conditions :—

1. Such cloth or yarn as aforesaid (with the exception of certain varieties of cloth which will be exempted from sealing and stamping) held in the possession of the dealers after the 31st December 1943 will be sealed by the Inspecting Officers of this Department if it has not already been done so. In sealing stocks, remnants (*i.e.*, length of a few yards remaining out of a full piece) and small quantities of a few pieces will be ignored. The sealed stocks will be left in the dealer's own shop after obtaining a mutchalika from him in the prescribed form. It would be the dealer's responsibility to see that none of this stock disappears and he is informed that if the whole quantity is not found intact at the time of stamping, his license will be taken away.

2. Such cloth or yarn as aforesaid should not be kept or sold unless it bears the special marking stamped or impressed upon it by the Inspecting Officers of the Department. Before stamping is undertaken, the dealer will be given the option of having his cloth, which has been sealed, stamped on the conditions given below or of letting the case go to a court of law. The option of having such cloth or yarn stamped will not be given to the dealer in cases where the quantity involved is very excessive having regard to the standing of the dealer and the normal volume of his turnover, or if the value of his goods discloses that a false return of stock as on 10th December 1943, has been sent by the dealer.

3. The cloth will be stamped in the same way as texmarked goods except that for the word "texmark" the initials "T. C. B." will be substituted. The month and year of marking shall be stamped or impressed below the letters "T.C.B." and immediately below the aforesaid marking shall be stamped or impressed the maximum retail price which shall be the ex-factory price fixed under the above order plus 10 per cent.

4. For affixing the markings prescribed in the above conditions, a fee equal to 10 per cent of the ex-factory maximum price will be levied from the dealer on whose cloth or yarn the markings are made. In the case of dealers whose stocks of cloth are within 3,000 yards in the case of Bangalore and Mysore Cities, and 2,500 yards in the case of mofussils, and who correctly declared their stocks as on 10th December 1943, the fee levied will be equal to 5 per cent of the ex-factory maximum price. The stamping fee should be credited by the dealer to the treasury to the head. "XXII-I. & C. Miscellaneous Receipts" and the treasury receipt should be presented to the Inspecting Officer before stamping is done.

5. The same principles and procedure apply for yarn as for cloth, but as it is not practicable to use a price-ticket for yarn that is already in bundles, the bundle itself will be stamped with "T.C.B." marking in several places with the month and year. The dealers should see that such yarn is not sold at more than 10 per cent over the ex-mill prices. The same 10 per cent fee will have to be paid by them towards stamping fee on yarn as on cloth.

OFFICE OF THE DIRECTOR AND ADDITIONAL TEXTILE COMMISSIONER FOR MYSORE, BANGALORE.

(DEPARTMENT OF INDUSTRIES AND COMMERCE)

Notification dated 25th February 1944.

Press Note.

Subject:—COTTON CLOTH AND YARN (CONTROL) ORDER—ALLOTMENT OF TEXMARK TO SMALL POWER LOOMS FACTORY OWNERS, HAND DYERS AND HAND PRINTERS.

It is not possible for a Texmark with a separate distinguishing number to be given to every individual power looms factory owner, hand dyer and hand printer. It has therefore been decided that the Texmark and number should be given to the power looms factory owners, hand dyers and hand printers of a whole town or area, provided they form themselves for that purpose into an Association. Applications should be submitted by the Association through their local District Magistrate, who will endorse on the application whether or not they are a suitable body to get a Texmark. Applications should be accompanied by a clear statement of the safeguards which the Association will adopt to prevent misuse of the Texmark.

For *Additional Textile Commissioner.*

Extract of the letter No. TCS-5—2, dated the 24th February 1944, from the Under Secretary to the Government of India, Bombay, to the Director of Industries and Commerce and Additional Textile Commissioner for Mysore, Bangalore.

The Government of India on the recommendation of the Textile Control Board have exempted all power-looms having less than 25 looms as on 1st January 1944 and which are not spinning their own yarn, from only the price-marking provisions of the Control Order. All other power looms shall have to stamp with prices cloth manufactured in their factories, from the 1st May 1944. A copy of a Press Note issued in this connection is enclosed for your information.

M. Zinkin,
Under Secretary to the Government of India.

Press Note.

Prices of cloth produced by manufacturers who do not spin any yarn have hither to not been controlled. It has now been decided that in cases where such manufacturers possessed less than 25 power looms on the 1st January 1944 and still possess less than that figure, this exemption should continue, but that in those cases where they possessed 25 power looms or more the exemption should be discontinued from the 1st May 1944. All such owners will, therefore, have to stamp prices on their cloth from that date and they should, therefore submit full-width samples with full manufacturing particulars to their Panel Members by the 15th March at the latest, if this has not already been done. COMPTROLLER'S OFFICE, BANGALORE.

Circular No. 47—*T.A.D. B-ii, dated 14th March* 1944.

To

All the Gazetted Officers who draw their salary on Pre-audit cheques payable at the State Huzur Treasury.

Reference is invited to this Office Circular No. 454—B-ii, dated 23rd November 1942, in which

it was brought to notice that cheques on the Bank of Mysore or the Imperial Bank of India, Bangalore, would be issued whenever desired to avoid delay and inconvenience by collection cheques issued on State Huzur Treasury through the Banks. It is seen that the advantage referred to in the above circular is not made use of by many of the officers and pre-audit cheques on State Huzur Treasury are still being sent to the Banks for collection. To avoid delay and inconvenience to all concerned the following procedure will be brought into effect from 1st April 1944:—

Payments of bills relating to salaries and allowances of all Gazetted Officers in Bangalore received in this Office for pre-audit will be made by cheques on the Bank of Mysore, unless payment is desired either by cheque on State Huzur Treasury or the Imperial Bank of India, Bangalore. In the latter case a clear remark above the signature of the officer on the bill has to be made to the effect that a cheque on State Huzur Treasury or a cheque on the Imperial Bank of India, Bangalore, is desired. Payment will not be made partly by cheque on the treasury and partly by cheque on the Bank.

All bills received in this office for pre-audit and payment to firms and private persons will be passed for payment hereafter by issue of cheques on the Bank of Mysore and not on the State Huzur Treasury as hitherto, unless payment is specifically desired at the State Huzur Treasury. In the case of Salary and Establishment Bills and all other bills of Government Offices, cheques will be issued as hitherto on the State Huzur Treasury unless cheques are desired on the Bank of Mysore in accordance with this Office Circular No. 454—TAD-B-II, dated 23rd November 1942.

To

All the Gazetted Officers who draw their salary on Pre-audit cheques payable at the State Huzur Treasury.

inconvenience by collection cheques issued on State Huzur Treasury through the Banks. To avoid delay and inconvenience to all concerned the following procedure will be brought into effect from 1st April 1944:—

Payments of bills relating to salaries and allowances of all Gazetted Officers in Bangalore received in this Office for pre-audit will be made by cheques on the Bank of Mysore, unless payment is desired either by cheque on State Huzur Treasury or the Imperial Bank of India, Bangalore. Key :—The census serial numbers for Tumkur Town run from 1 to 7100. To facilitate work these forms were made into books of 20 sheets each.

Any given census serial number will be found in the book ; the number of which can be found easily by dividing the serial number by 20 and adding 1 to

If there be no remainder, the quotient itself gives the number of the book.

Thus for 5721 and 4840, the book numbers are 287 and 242, respectively. Once the book number is ascertained the locality is known from this appendix. Appendix II furnishes the area assigned to each depot and the fresh ration card will be available at the Depot concerned.

Circular No. 46—*Tad-B-II, dated* 3*rd*—8*th March* 1944.

To

All Government Officers drawing bills for payment at Bangalore and firms and private persons having claims against Government payable at Bangalore. The following Office order has been issued with a view to minimise delay and inconvenience to all concerned.

Office Order No. 25—*E. S., dated* 8*th March* 1944.

All bills received in this office for pre-audit and payment to firms and private persons will be passed for payment hereafter by issue of cheques on the Bank of Mysore and not on the State Huzur Treasury as hitherto, unless payment is specifically desired at the State Huzur Treasury. In the case of Salary and Establishment Bills and all other bills of Government Offices, cheques will be issued as hitherto on the State Huzur Treasury unless cheques are desired on the Bank of Mysore in accordance with this Office Circular No. 454—TAD-B-II, dated 23rd November 1942.

The above procedure will be brought into effect immediately.

6964

Circular No. 47—T.A.D. B-ii, dated 14th March 1944.

To

All the Gazetted Officers who draw their salary on Pre-audit cheques payable at the State Huzur Treasury.

Reference is invited to this Office Circular No. 454—B-ii, dated 23rd November 1942, in which it was brought to notice that cheques on the Bank of Mysore or the Imperial Bank of India, Bangalore, would be issued whenever desired to avoid delay and inconvenience by collection cheques issued on State Huzur Treasury through the Banks. It is seen that the advantage referred to in the above circular is not made use of by many of the officers and pre-audit cheques on State Huzur Treasury are still being sent to the Banks for collection. To avoid delay and inconvenience to all concerned the following procedure will be brought into effect from 1st April 1944:—

Payments of bills relating to salaries and allowances of all Gazetted Officers in Bangalore received in this Office for pre-audit will be made by cheques on the Bank of Mysore, unless payment is desired either by cheque on State Huzur Treasury or the Imperial Bank of India, Bangalore. In the latter case a clear remark above the signature of the officer on the bill has to be made to the effect that a cheque on State Huzur Treasury or a cheque on the Imperial Bank of India, Bangalore, is desired. Payment will not be made partly by cheque on the treasury and partly by cheque on the Bank.

MISCELLANEOUS DEPARTMENTS

OFFICE OF THE DIRECTOR OF CIVIL SUPPLIES IN MYSORE, BANGALORE.

Notification dated 23rd March 1944.

PRESS NOTE.

Under the articles of Food Acquisition (Harvest) Order, 1943, para 3 (2) (i), every person, who is a declared holder as defined therein, has to give an application to the Amildar of the taluk in which the lands are situate to determine the quantities of food-grains which may be allowed to him for retention and also for calculating the surplus.

The attention of the public is specially invited to the definitions (*e*) and (*g*) under para 2 of the Order, the full implication of which does not seem to have been understood by many of the owners of land, tenants, lessees and other persons who come under the definition. Generally, persons who own lands above the prescribed minima have given declarations, but, other classes of persons who do not own lands, but who have an interest in the land as tenants, lessees, the acreage of the lands exceeding the limits prescribed, also become declared-holders under the definition, and have to give a declaration as specified in the Order.

All persons—

(1) owning lands in the same village or taluk or any where else within the State, the aggregate of which lands exceeds the minimum prescribed in definition (*g*) of the Order;

(2) owning lands less than the minimum mentioned above, but cultivating other lands as lessees, tenants, etc., the sum-total of which exceeds the minimum;

(3) who do not own any land at all, but who cultivate lands of others or have an interest in such lands as defined in definition (*e*), the sum-total of which exceeds the minimum; and

(4) having interest in such lands as mortgagees, co-parceners, etc., when the total of such lands exceeds the minimum.

Should therefore if they have not already filed the declaration referred to above furnish the same before the 31st March 1944.

Failure to furnish a declaration when a person is a declared holder will entail the penalties prescribed in Rule 75B (7) of the Defence of India Rules as applied to Mysore.

Director.

OFFICE OF THE DIRECTOR AND ADDITIONAL TEXTILE COMMISSIONER FOR MYSORE, BANGALORE.

(DEPARTMENT OF INDUSTRIES AND COMMERCE.)

Notification No. G2. 240-141—Mis., dated 20th—22nd March 1944.

Cases are continually brought to the notice of the Additional Textile Commissioner of Mills and dealers selling or endeavouring to sell cloth and yarn at prices higher than those to which they are entitled under the law by adoption of various measures such as selling to concerns under their own control and by various other means. There are also many instances of merchants refusing to sell cloth and yarn which they have in stock to their usual customers within the prices permitted under the law. It is an offence under the control order to refuse to sell cloth or yarn to such customers and a severe warning is, therefore, given to all that neither the Government nor the Additional Textile Commissioner, will countenance these malpractices, and the latter will not hesitate to take whatever action is necessary, however drastic it may be, to put a stop to them. Such measures will include cancelling of the dealers' licenses issued under the Cotton Cloth Dealers Licensing Order and if necessary, the requisitioning of goods at control prices.

OFFICE OF THE CHIEF RATION CENSUS OFFICER, TUMKUR TOWN.

Notification No. A2. P. R. 4—43-44, dated 18th March 1944.

Notification under Rule 11 of the Mysore Ration Census Order.

It is hereby notified for the information of the citizens of Tumkur Town, that the following arrangements are made for the distribution of fresh ration cards within the limits of the town.

Distribution of the ration cards will be made between the 2nd and 7th April 1944, at the several Depots between 9 A.M. to 10-30 A.M. and 6 P.M. to 7 P.M. each working day.

2. New cards will be available for distribution at the Depots nearest to the place of residence of the card-holders.

3. A new ration card will be issued only on surrender of the census acknowledgment and the identification card issued by the Municipality. The person in whose name the card is issued should sign or affix his or her left thumb print in the space provided on the card and the counterfoil before delivery.

4. Holders of ration cards who for any reason are unable to appear at the depots for giving the acknowledgment and taking the ration cards, may send at their own risk the census acknowledgment and the old identification cards together with a letter requesting that the new card may be handed over to the bearer of the letter. In such cases, the old identification card and the acknowledgment slip will be retained in the depot and the new ration card together with the counter part of it which is meant for record in the depot (and on both of which the holder's signature will be necessary) will be handed over to the bearer under acknowledgment. The holder of the ration card should thereupon, sign both on the ration card and on the counterfoil and return both parts of the card. Thereafter the counterfoil of the ration card will be retained in the depot concerned and the card returned to the bearer. It must be distinctly understood that the depot concerned will accept no responsibility whatever for loss or misplacement of ration cards sent through bearers under the above arrangements.

5. The manager of each depot concerned has been requested to display in front of the depot in a prominent place a list of ration census counterfoil numbers against which and the dates on which the fresh ration cards will be issued. All house-holders are requested to co-operate in this arrangement and take their new ration cards in conformity with the local arrangements made.

6. Every holder of a current identification card will be entitled to draw rations upto the end of the first week of April 1944, on the existing cards and the new cards will be current only with effect from the second week of April 1944, unless the rations are otherwise adjusted.

7. As a rule, rations have been allowed for all the relatives as declared by house holders except where the number of members declared is found to be exaggerated. Regarding non-relatives diverse claims have been made for friends, guests, servants, cooks, drivers, pujaries, archaks, vokkalagittis, purohits, wara, biksha, etc., as permament inmates; such claims have been suitably cut down. Holders of ration cards who for any reason desire to get their cards amended may file an application addressed to the Rationing Officer, Tumkur Town with the Assistant Food Inspector of the division concerned statig their grievances but quoting three numbers (1) their identification card number, (2) the Ration Census number, and (3) the new card number when the matter will be worked into. Whenever a claim is preferred on behalf of a person not related to the head of the family, full particulars have to be furnished in Form No. III, hereunder.

8. In every case the existing identification card and the census acknowledgment will have to be surrendered before the new ration card is issued. Key :—The census serial numbers for Tumkur Town run from 1 to 7100. To facilitate work these forms were made into books of 20 sheets each.

Any given census serial number will be found in the book; the number of which can be found easily by dividing the serial number by 20 and adding 1 to the quotient if there be any remainder.

If there be no remainder, the quotient itself gives the number of the book.

Thus for 5721 and 4840, the book numbers are 287 and 242, respectively. Once the book number is ascertained the locality is known from this appendix. Appendix II furnishes the area assigned to each depot and the fresh ration card will be available at the Depot concerned.

8. Every house-holder or person in charge of an establishment shall be responsible to take such order with reference to pet animals like dogs, and all such other precautions as are necessary to prevent delay, annoyance, obstruction or injury of any kind whatsoever to the Census Officers on duty, while on his premises.

The quantity to be stated is the next lowest complete seer.

MISCELLANEOUS DEPARTMENTS

OFFICE OF THE DIRECTOR OF FOOD SUPPLIES IN MYSORE, BANGALORE.

Notification dated 20th April 1944.

Adverting to Government Notifications No. S. D. 8754—C. 254-43-4, dated the 3rd—4th April 1944 and No. S. D. 6776—C. 254-45-5, dated 5th April 1944, regarding the wholesale and retail rates of food grains, it has come to the notice of this office that doubts have been expressed in certain quarters regarding the rates at which these grains are to be issued to retail merchants from the Government Godowns for issue to the public. It is, therefore, made clear that the retail merchants will be allowed to take *the grains*, from the Government Godowns at eight annas per one palla less than the rate per one palla calculated according to the retail rates notified in the *Mysore Gazette*, on 6th April 1944. In other words, the rate charged to merchants may be obtained by adding Re. 0-6-0 per palla to the wholesale rate specified in the notification. The rate is only for the grain and not for gunnies. The gunny bag should be returned by the merchants to the Government Godowns. If the bag is required, an additional Re. 0-6-0 has to be paid if a single bag and Re. 0-12-0 if a double bag.

8. The rules relating to Supply, Stock and Accounting of forms as revised are published hereunder for the information of the concerned officers.

RULES RELATING TO SUPPLY, STOCK AND ACCOUNTING OF FORMS.

DEFINITION.

1. (*a*) *Forms* include any printed work in which additional matter has to be filled in, in ink or pencil; also labels, envelopes, "flags," and bound registeres, if printed, colour-embossed or ruled and blank circulars, etc., which are used regularly by the indenting offices. Forms may, subject to these rules, be printed when it is more economical to resort to printing than to employ clerical labour, or when returns or forms have to be submitted to Government by departments in print.

(*b*) *Standard Lists.*—These contain the details of forms used in each department including financial and common forms with full particulars of size, number of pages in each register, nature of binding, period of supply and maximum quantity to be supplied.

GENERAL AND STANDARDIZED FORMS.

2. *Classification.*—Forms are grouped into the following classes:—

(*a*) *Standard Forms.*—

(i) *Standardised Stock Forms.—General or "Common"*, *i.e.*, common to departments or offices and contained in Appendix A, Financial forms included in M. C. A. C., Vol. I, for supply on indents to certain offices as units of consumption or for further distribution where necessary.

(ii) *Standardised Departmental:*—Special to one or more departments or offices, arranged in groups according to their nature, and supplied on indents as class (i) above.

(*b*) *Standard Temporary.*—Such as Record of Rights, Cattle Census, Weaving Demonstration work, etc., the necessity for which cannot be foreseen at the time when the annual indents are prepared and in regard to which the period during which they will be required is not known. These are supplied on special indents as required.

(*c*) *Special.*—Forms which for departmental reasons have been excluded from the above lists, or printing of which on occasional indents has been sanctioned by Government. These involve considerably greater expenditure than the printing of standard forms and they should be restricted as much as possible.

(*d*) *Forms supplied on payment.*—In the case of forms, such as those of quasi-Government and commercial concerns under the Industries or other departments, etc., the cost of which is recovered direct from the departments, the indents are sent direct to the Press as per Cycle of Indents.

(*e*) Forms prescribed by Government under the various Acts in force, and supplied on payment to the public through the Department or sold directly at the Book Depot.—These forms will be printed on special indents and supplied six weeks after the receipt of indents.

3. Every printed form shall bear in small type at the top, indicating its class and departmental number. Thus: Revenue 15 shows that is a Revenue form and its Departmental number is 15. It shall also bear an abbreviated imprint showing the WD No., the Press where it is printed, the number of copies struck and the year it is printed. Thus: WD 02025—GPB—2,000—1940 shows that the form bears 02025 as its WD No., that it was printed at the Government Press, Bangalore, that 2,000 copies were printed and that they were printed in the year 1940.

4. Standard forms are supplied only from the Government Presses, and they should on no account be printed in a private press whatever be the number required, nor any additions be over-printed on such forms without the sanction of Government.

5. *Files of Standard Forms* are maintained at the Government Press for purposes of reference and not for issue or loan. Every officer should keep files of all classes of forms sanctioned for use in his office. Files are not made up in the Presses for this purpose.

INTRODUCTION OF NEW OR MODIFIED FORMS.

6. No form which is not included in the lists of standardised forms may be printed at any press, nor may any additions to, or alterations in, the lists be made without the sanction of Government.

(*a*) *Introduction of new forms.*—A copy of every order of Government sanctioning additions to, or alterations in, the lists or in the forms, shall be communicated to the Superintendent, Government Printing. In the absence of specific instructions, copies of a new form will be supplied only from the next annual indent. If immediate supply is necessary, the number required for each officer should be furnished with the order prescribing the form.

7. Proposals to introduce new forms submitted to Government, may be sent through the Superintendent, Government Printing, who is required to scrutinise them and see whether any one of the forms proposed cannot be combined with any one of the existing forms. No sanction for new forms will be accorded without the concurrence of the Superintendent, Government Printing.

8. While introducing new forms, it is necessary to take into consideration the following principles :—

(i) That more than 500 copies are required.

(ii) That the amount of clercial labour saved is sufficient to warrant the expenditure incurred in printing.

(iii) That cyclostyle or other duplicating process available will not meet the case equally well.

The above proposals do not apply to cases where returns of forms have to be submitted to Government in print. Matters which can be conveniently or more cheaply be copied, typewritten or prepared by duplicating machine should not be printed.

9. In urgent cases, Government directing the printing of a new or modified form may also order immediate supply of that form. Before fixing a date for the introduction of a new system requiring a large number of forms, etc., inquiries may be made whether the Press can get the copies ready in time.

10. *Modified forms.*—When one standardised form is ordered by Government to be modified or substituted for another, the change shall, except in special circumstances, be effected only at the time of the next annual indent. As long a notice as possible should be given before the revision of any form is ordered so that old stock in offices may be used up. Heads of Departments may also, subject to the same conditions referred to above, sanction any slight alteration without making material changes in the existing forms.

11. In the case of forms newly introduced under the provision of rule 6, sample forms of the proper size must accompany the requisition. These will be printed on the kind of paper prescribed in Government Order No. A. F. 6232-3—P. & S. 92-39-2, dated 13th May 1940 (*vide* Appendix B). If, in any case, forms on special paper are required, reasons therefor must be fully specified in the requisition.

12. If one department wishes to modify a form which is used by it in common with another department, it should be done in consultation with the other department and also with the concurrence of the Superintendent, Government Printing.

13. *Proofs of new or modified forms* can be furnished only after the indent for the supply of copies is received.

14. *Style and size of new forms.*—Manuscripts of new and modified forms should be of the same size as the paper on which the forms are to be printed, with sample entries filled in, in the columns, so as to enable the Press to judge the width of each column. The forms prescribed should be drawn up to suit one of the standard sizes of paper and the headings should be compressed as much as possible. If headings containing long particulars are necessary, the items can often be inserted in a list of instructions prefixed to the register, with the column number or a brief abstract only in the headings, thus giving space for more items in each page. When a form is intended for a single entry, or for fewer entries than the number of columns, it is usually better to arrange the usual headings in lines at the left hand side in columns with the column matter as headings. Numbers to columns are rarely wanted and they encroach on the space for entires.

15. *Inner sheets.*—In the case of forms containing a number of sheets with a common heading, the inner sheets should not be cut in order to have the headings for all the sheets, but the heading should be printed in each sheet.

16. *Quarto forms.*—Except for correspondence with Government, quarto forms should always be used in preference to folio size, and all forms in foolscap quarto size should, as far as possible, be printed lengthways of the page for convenience in filing with folio sheets of the same width.

17. *Special modification* of forms, such as printing in a different size and style for office copies, the insertion of a name, designation or place or an office in a standard or stock form ; overp-rinting on printed forms ; printing of names in attendance registers, acquittance rolls, village lists, registers, subscription books and similar lists ; inserting the dates or years in standard forms ; printing or alteration of figures representing years in any form ' indents for the same forms more than once in a year; or printing of addresses on envelopes are prohibited for every department except with the special orders of Government.

SUPPLIES TO NEW OFFICES.

18. Whenever a new office is created under the sanction of Government or when an existing office is abolished, intimation shall be given to the Superintendent, Government Printing, who shall make the necessary corrections in the standard list, the quantities being fixed by him in cosultation with the Head of the Department or the Deputy Commissioner concerned.

19. Proposals to start new office or branches of offices submitted to Government by Heads of Departments should contain provision to meet the cost of printed forms required for initial and recurring supply. This provision has to be transferred to the Press Budget so long as the supply is needed. There ought to be an interval of at least eight weeks for the initial supply of such of the forms as cannot be met from the stock of allied offices.

INDENTS FOR FORMS.

20. Officers who are authorised to send consolidated indents for standard forms are indicated in Appendix C. *These forms are supplied only on annual indents in the prescribed form* (Appendix D) which must be sent through the countersigning officers to the Superintendent, Government Printing *on prescribed dates* in accordance with the Cycle of Indents given in Appendix C. The indents are checked and (in the case of forms used in more than one Department), consolidated, and retrenchments, objections or alterations notified to the office concerned. Copies of forms are then supplied direct by the Press to offices according to the Distribution Lists kept in the Government Press, but any change in the unit of supply requires the sanction of Heads of Departments. No copies are supplied from a central departmental office to subordinate offices which are units of direct supply from the Press. *No special supply will be made by the Press on requisitions sent in the intervening period other than the period of supply referred to in the Cycle of Indents except as stated in Rule 22.*

21. Indents are prepared by the indenting officers for the groups shown in column 1 of Appendix C, after calling for necessary information from the group of units of supply whose indents are to be consolidated by them. The consolidated indents should be sent on the date prescribed in the Cycle of Indents. Printed forms of indent will be supplied in all cases. *The indents shall ordinarily be based on the average consumption of the three supply years preceding that in which the indent is made and shall be for the quantities which, together with the balance expected to remain on hand on the first day of the supply year following, will suffice for the consumption of twelve months in the case of ordinary forms and two, three and five years in the case of biennial, triennial and quinquennial forms, respectively. Special reasons should be given for indenting more than the average consumption.*

NOTE.—(1) If the indents are not received at the Government Press in time, the Superintendent, Government Printing, is authorised to print and supply forms as per standard list and submit a report to Government.

(2) Correspondence regarding the supply of forms should be addressed to the Superintendent, Government Printing, Bangalore, by officers recognised as units for sending indents.

22. The Superintendent, Government Printing, is to ensure, by a close and detailed scrutiny of the indents before compliance, that these instructions are properly observed by all indenting officers. The Superintendent, Government Printing, is authorised to arrange for the inspection of stock books and stock of forms in as many offices as possible. He may also send for the stock books of forms in any of the offices in a district to see whether they have been properly maintained; they would be returned after necessary examination in the Office of the Superintendent, Government Printing. The defects noticed should be brought to the notice of the Head of the Department and if the Superintendent, Government Printing considers that the action taken by the Head of the Department is inadequate, the matter should be reported for the orders of Government.

23. *Delayed or excessive indents.—It is essential that indents should be correctly and completely prepared and submitted by the due dates,* otherwise the supply of forms relating to a group to the whole of the State will be delayed. Any case in which the working of the rules is retarded by an indenting officer, is to be brought to the notice of Government. When the Superintendent, Government Printing, considers that the demand for any treasury or account or other forms is unnecessary or excessive, he should report the case to the administrative authority immediately superior to the indenting officer concerned.

24. *Supplementary indents are as a rule inadmissible,* and will be passed for supply only after full explanation. If the explanation is considered unsatisfactory, the indent shall be complied with only after the sanction of Government has been obtained by the officer concerned. Supplemental indents due to an exceptional demand can usually be avoided by obtaining [illegible] of the stocks required from another office in the same locality, with the approval of the Heads of Departments, intimating the fact to the Superintendent, Government Printing, though the practice should be avoided as far as possible. As no stock of any standard form—Departmental [Rule 2 (*a*) (ii)]—is kept in the Press, such indents necessitate special printing which may cause delay in supply and unnecessary expenditure. (*Inter-departmental transfer of forms is strictly prohibited except as stated above.*)

Exception.—Supplementary indents for Forest, Motor, Toll and other kinds of permits may, in special cases, be sent through the Heads of Departments in case of urgent necessity with full explanation for not including them in the annual indent.

DELIVERY, FREIGHT, ETC.

25. The Superintendent, Government Printing, will arrange to despatch forms with duplicate invoices (Appendix E) to the destination noted in the indent and post the Railway Receipt to the officer responsible to clear the consignment.

26. *Freight on forms, etc.,* sent by rail to Government offices as well as delivery charges at the place of destination are met out of the contingent grant of the offices concerned. The Superintendent, Government Printing, is authorised in all such cases to book packets by railway "To Pay." On forms returned to the Press on requisition, freight is paid by the Department concerned.

27. *Local delivery* of forms and other works are not made by the Press, except to Secretariat offices, and notice is sent to other offices as soon as a parcel is ready. Upon receipt of intimation that forms are ready, officers should arrange to take delivery, the forms being checked and any complaints as to short supplies should be made immediately after they are received. If prompt delivery is not taken, the Press may send the forms, the coolie charges, etc., being paid by the office concerned. The Superintendent will enter the amount to be paid on the memorandum which accompanies the work.

RECEIPTS FROM THE PRESS.

28. *Receipts of forms.*—Packages should be opened and the contents carefully checked and the weight verified as soon as received from the Press. OFFICE OF THE CHIEF RATION CENSUS OFFICER, HARIHAR TOWN.

Notfication No, F. C. 201—43-44, *dated* 19*th May* 1944.

Notification under Rule 11 of the Mysore Ration Census Order.

It is hereby notified for the information of the citizens of Harihar Town, that the following arrangements are made for the distribution of fresh ration cards within the limits of the town.

Distribution of the ration cards will be made between the 26th and 31st May 1944, at the several Depots between 9 A.M. to 10-30 A.M. and 6 P.M. to 7 P.M. each working day.

2. New cards will be available for distribution at the Depots nearest to the place of residence of the card-holders.

3. A new ration card will be issued only on surrender of the census acknowledgment. The person in whose name the card is issued should sign or affix his or her left thumb print in the space provided on the card and the counterfoil before delivery.

4. Holders of ration cards who for any reason are unable to appear at the depots for giving the acknowledgment and taking the ration cards, may send at their own risk the census acknowledgment and the old identification cards together with a letter requesting that the new card may be handed over to the bearer of the letter. In such cases, the old identification card and the acknowledgment slip will be retained in the depot and the new ration card together with the counter part of it which is meant for record in the depot (and on both of which the holder's signature will be necessary) will be handed over to the bearer under acknowledgment. The holder of the ration card should thereupon sign both on the ration card and on the counterfoil and return both parts of the card. Thereafter the counterfoil of the ration card will be retained in the depot concerned and the card returned to the bearer. It must be distinctly understood that the depot concerned will accept no responsibility whatever for loss or misplacement of ration cards sent through bearers under the above arrangements.

5. The manager of each depot concerned has been requested to display in front of the depot in a prominent place a list of ration census counterfoil numbers, against which and the dates on which the fresh ration cards will be issued. All house-holders are requested to co-operate in this arrangement and take their new ration cards in conformity with the local arrangements made.

6. Every holder of a current identification card will be entitled to draw rations up to the end of the last week of May 1944, on the existing cards and the new cards will be current only with effect from the first week of June 1944, unless the rations are otherwise adjusted.

7. As a rule, rations have been allowed for all the relatives as declared by house-holders except where the number of members declared is found to be exaggerated. Regarding non-relatives diverse claims have been made for friends, guests, servants, cooks, drivers, pujaries, archaks, vokkalagittis, purohits, wara, biksha, etc., as permanent inmates, such claims have been suitably cut down. Holders of ration cards who for any reason desire to get their cards amended may file an application addressed to the Rationing Officer, Harihar Town, stating their grievances but quoting three numbers (1) their identification card number, (2) the Ration Census number, and (3) the new card number when the matter will be worked into. 6. Every Census Officer may be easily identified by the Census badge given.

7. House-holders or persons in charge of establishments shall allow Census Officers necessary access to their premises or inspection of their books to enable them to verify the information furnished.

8. Every house-holder or person in charge of an establishment shall be responsible to take such orders with reference to pet animals like dogs, and all such other precautions as are necessary to prevent delay, annoyance, obstruction or injury of any kind or whatsoever to the Census Officers on duty, while on his premises.

The quantity to be stated is the next complete lower seer.

16. Every form shall be returned to the Census Officer duly signed by, or with the duly attested thumb-mark of the house-holder or person in charge of an establishment in conformity with the Census Programme.

17. After the results of the census are known, ration cards or permits will be issued on a date which will be notified in due course.

(*b*) Every person questioned for the purpose by a Census Officer is also bound to state the truth.

In these circumstances, there is no room whatsoever for house-holders and persons in charge of establishments to misinterpret, as a challenge to their veracity, the questions asked or the inspections made, by Census Officers and which they are, in duty, legally bound to ask or make.

21. Every house-holder or person in charge of an establishment may ascertain further details by enquiry at the undersigned's office.

Chief Ration Census Officer.

OFFICE OF THE CHIEF RATION CENSUS OFFICER, MAYAKONDA TOWN.

Notification No. M. C. 17, dated 20th May 1944.

Notification under Rule 11 of the Mysore Ration Census Order.

It is hereby notified for the information of the citizens of Mayakonda Town that the following arrangements are made for the distribution of fresh ration cards within the limits of the town.

Distribution of the ration cards will be made between the 20th and 25th June 1944, at the several Depots between 9 A.M. to 10-30 A.M. and 6 P.M. to 7 P.M. each working day.

2. New cards will be available for distribution at the Depots nearest to the place of residence of the card-holders.

3. A new ration card will be issued only on surrender of the census acknowledgment and the identification cards issued by the Municipality. The person in whose name the card is issued should sign or affix his or her left thumb print in the space provided on the card and the counterfoil before delivery.

4. Holders of ration cards who, for any reason, are unable to appear at the depots for giving the acknowledgment and taking the ration cards, may send at their own risk the census acknowledgment and the old identification cards together with a letter requesting that the new card may be handed over to the bearer of the letter. In such cases, the old identification card and the acknowledgment slip will be retained in the depot and the new ration card together with the counter part of it which is meant for record in the depot (and on both of which the holder's signature will be necessary) will be handed over to the bearer under acknowledgment. The holder of the ration card should thereupon, sign both on the ration card and on the counterfoil and return both parts of the card. Thereafter the counterfoil of the ration card will be retained in the depot concerned and the card returned to the bearer. It must be distinctly understood that the depot concerned will accept no responsibility whatever for loss or misplacement of ration cards sent through bearers under the above arrangements.

5. The manager of each depot concerned has been requested to display in front of the depot in a prominent place a list of ration census counterfoil numbers against which and the dates on which the fresh ration cards will be issued. All house-holders are requested to co-operate in this arrangement and take their new ration cards in conformity with the local arrangements made.

6. Every holder of a current identification card will be entitled to draw rations up to the end of 25th June 1944, on the existing cards and the new cards will be current only with effect from 26th June 1944, unless the rations are otherwise adjusted.

7. As a rule, rations have been allowed for all the relatives as declared by house-holders except where the number of members declared is found to be exaggerated. Regarding non-relatives diverse claims have been made for friends, guests, servants, cooks, drivers, pujaries, archaks, vokkalagittis, purohits, wara, biksha, etc., as permanent inmates; such claims have been suitably cut down. Holders of ration cards who for any reason desire to get their cards amended may file an application addressed to the Rationing Officer, Mayakonda Town, with the Assistant Food Inspector of the division concerned stating their grievances but quoting three numbers (1) their identification card number, (2) the Ration Census number, and (3) the new card number when the matter will be worked into. Whenever a claim is preferred on behalf of a person not related to the head of the family, full particulars have to be furnished in Form No. III, hereunder.

8. In every case the existing identification card and the census acknowledgment will have to be surrendered before the new ration card is issued. If, in any particular case either of the two is lost, it is for the house-holder to convince the Local Assistant Food Inspector having jurisdiction of the genuineness of the claim and thereupon, he may after verifying the old identification card number and the census acknowledgment number of the particular person issue the fresh ration card if the other particulars agree.

9. The numbers indicating quantity of ration mentioned in the cards represent "seers" in respect of foodgrains, viss in respect of sugar and bottles in respect of kerosene.

Circular dated 6th May 1944.

Subject :—Bills claiming charges for the supply of water to Government Buildings in Bangalore.

To

All the Heads of Government Institutions, Bangalore.

In the triplicate bills sent from the Water Supply Division, Bangalore, containing claims for the supply of drinking water to Government Buildings, columns are provided so as to indicate claims on current account as also for arrears outstanding recovery. The arrears which are not met will also be shown in the bills separately against the column intended for the purpose. Some of the Officers of Government contend that arrears should not be shown nor are they to be got included in the total claim of the current bills and they therefore demand revised bills showing the current charges only being sent for acceptance and return to the Water Supply Division. This course of action cannot be attended to in view of the fact that it entails additional labour and extra time. Even otherwise the bill ought to show the full claim remaining undischarged at the time of its despatch inviting, as it does the attention of the paying department to arrange for meeting the claims shown as arrears.

If the arrears are paid by the time the current demand is received, only the charges as found due may be accepted with necessary remarks in respect of the payment of the balance appearing against the column arrears.

BANGALORE DIVISION.

Circular dated 6th May 1944.

Subject :—Bills claiming charges for the supply of water to Government Buildings in Bangalore.

To

All the Heads of Government Institutions, Bangalore.

In the triplicate bills sent from the Water Supply Division, Bangalore, containing claims for the supply of drinking water to Government Buildings, columns are provided so as to indicate claims on current account as also for arrears outstanding recovery. The arrears which are not met will also be shown in the bills separately against the column intended for the purpose. Some of the Officers of Government contend that arrears should not be shown nor are they to be got included in the total claim of the current bills and they therefore demand revised bills showing the current charges only being sent for acceptance and return to the Water Supply Division. This course of action cannot be attended to in view of the fact that it entails additional labour and extra time. Even otherwise the bill ought to show the full claim remaining undischarged at the time of its despatch inviting, as it does the attention of the paying department to arrange for meeting the claims shown as arrears.

If the arrears are paid by the time the current demand is received, only the charges as found due may be accepted with necessary remarks in respect of the payment of the balance appearing against the column arrears.

OFFICE OF THE CHIEF RATION CENSUS OFFICER, CHALLAKERE TOWN.

Notification No. 3, *dated* 1st *June* 1944.

Notification under Rule 11 of the Mysore Ration Census Order.

It is hereby notified for the information of the citizens of Challakere Town that the following arrangements are made for the distribution of fresh ration cards within the limits of the town.

Distribution of the ration cards will be made between the 10th and 14th of June 1944, both days inclusive at the several depots between 9 A.M. to 10-30 A.M. and 6 P.M. to 7 P.M. on each working day.

2. New cards will be available for distribution as noted below.

3. A new ration card will be issued only on surrender of the census acknowledgment and the identification card issued by the Municipality. The person in whose name the card is issued should sign or affix his or her left thumb print in the space provided on the card and the counterfoil before delivery.

4. Holders of ration cards who, for any reason, are unable to appear at the depots for giving the acknowledgment and taking the ration cards, may send at their own risk the census acknowledgment and the old identification cards together with a letter requesting that the new card may be handed over to the bearer of the letter. In such cases, the old identification card and the acknowledgment slip will be retained in the depot and the new ration card together with the counter part of it which is meant for record in the depot (and on both of which the holder's signature will be necessary) will be handed over to the bearer under acknowledgment. The holder of the ration card should thereupon, sign both on the ration card and on the counterfoil and return both parts of the card. Thereafter, the counterfoil of the ration card will be retained in the depot concerned and the card returned to the bearer. It must be distinctly understood that the depot concerned will accept no responsibility whatever for loss or misplacement of ration cards sent through bearers under the above arrangements.

5. The manager of each depot concerned has been requested to display in front of the depot in a prominent place a list of ration census counterfoil numbers against which and the dates on which the fresh ration cards will be issued. All house-holders are requested to co-operate in this arrangement and take their new ration cards in conformity with the local arrangements made.

6. Every holder of a current identification card will be entitled to draw rations up to 15th June 1944, on the existing cards and the new cards will be current only with effect from 16th June, the rations are otherwise adjusted.

7. As a rule, rations have been allowed for all the relatives as declared by house-holders except where the number of members declared is found to be exaggerated. Regarding non-relatives diverse claims have been made for friends, guests, servants, cooks, drivers, pujaries, archaks, vokkalagittis, purohits, wara, biksha, etc., as permanent inmates; such claims have been suitably cut down. Holders of ration cards, who for any reason desire to get their cards amended, may file an application addressed to the Ration Officer, Challakere Town, stating their grievances but quoting three numbers; (1) their identification card number, (2) the Ration Census number, and (3) the new card number when the matter will be worked into. Whenever a claim is preferred on behalf of a person not related to the head of the family, full particulars have to be furnished in Form No. III, hereunder.

8. In every case, the existing identification card and the census acknowledgment will have to be surrendered before the new ration card is issued. If, in particular case either of the two is lost, it is for Officer, having jurisdiction of the genuineness of the claim and thereupon, he may, after verifying the old identification card number and the census acknowledgment number of the particular person, issue the fresh ration card if the other particulars agree.

9. The numbers indicating quantity of ration mentioned in the cards represent "seers" in respect of foodgrains, viss in respect of sugar and bottles in respect of kerosene.

10. Persons who want to change to a depot other than that through which they get their fresh cards will have to apply at the Taluk Office.

11. The column under wheat is left blank as wheat is interchangeable for rice. Consistently with the supply positions, the Ration Officer, Challakere Town, will supply either wheat or rice, or ragi or jola as the case may be.

12. Persons in charge of all establishments will approach the Ration Officer, Challakere Town, for the fresh permits unless expressly permitted by him to register with any particular depot in which case they will be available at the depot concerned.

13. The existing identification cards issued to house-holders and persons in charge of establishments shall cease to be in operation, with effect from the 31st May 1944, in the absence of specific orders to the contrary in any particular case.

14. A list showing the census numbers against which fresh ration cards will be issued in each depot is separately published.

H. MAHARUDRAIAH,
Chief Ration Census Officer.

BANGALORE DIVISION.

Circular dated 6th May 1944.

Subject :—Bills claiming charges for the supply of water to Government Buildings in Bangalore.

To

All the Heads of Government Institutions, Bangalore.

In the triplicate bills sent from the Water Supply Division, Bangalore, containing claims for the supply of drinking water to Government Buildings, columns are provided so as to indicate claims on current account as also for arrears outstanding recovery. The arrears which are not met will also be shown in the bills separately against the column intended for the purpose. Some of the Officers of Government contend that arrears should not be shown nor are they to be got included in the total claim of the current bills and they therefore demand revised bills showing the current charges only being sent for acceptance and return to the Water Supply Division. This course of action cannot be attended to in view of the fact that it entails additional labour and extra time. Even otherwise the bill ought to show the full claim remaining undischarged at the time of its despatch inviting, as it does the attention of the paying department to arrange for meeting the claims shown as arrears.

If the arrears are paid by the time the current demand is received, only the charges as found due may be accepted with necessary remarks in respect of the payment of the balance appearing against the column arrears.

C. N. SHAMA RAO,
Executive Engineer,
Water Supply Division.

OFFICE OF THE CHIEF RATION CENSUS OFFICER, HOLALKERE TOWN.

Notification dated 9th June 1944.

Notification under Rule 11 of the Mysore Ration Census Order.

It is hereby notified for the information of the citizens of the Holalkere Town that the following arrangements are made for the distribution of fresh ration cards within the limits of the town.

2. Distribution of the ration cards will be made between the 20th and 25th of June 1944, both days inclusive at the Taluk Office between 9 A.M. to 11 A.M. and 5 P.M. to 7 P.M. on each working day.

3. A new ration card will be issued only on surrender of the census acknowledgment and the identification card issued. The person in whose name, the card is issued should sign or affix his or her left thumb print in the space provided on the card and the counterfoil before delivery.

4. Holders of ration cards who for any reason are unable to appear at the office for giving the acknowledgment and taking the ration cards may send at their own risk the census acknowledgment and the old identification cards together with a letter requesting that the new card may be handed over to the bearer of the letter. In such cases the old identification card and the acknowledgment slip will be retained at the office and the new ration card together with the counter part of it which is meant for record in the depot (and on both of which the holder's signature will be necessary) will be handed over to the bearer under acknowledgment. The holder of the ration card should thereupon, sign both on the ration card and on the counterfoil and return both parts of the card. Thereafter, the counterfoil of the ration card will be retained in the depot concerned and the card returned to the bearer. It must be distinctly understood that the office will accept no responsibility whatever for loss or misplacement of ration cards sent through bearers under the above arrangements.

5. A list of ration census counterfoil numbers and the dates on which the fresh ration cards will be issued will be displayed in a prominent place at the Taluk Office. All house-holders are requested to co-operate in this arrangement and take their new ration cards in conformity with the local arrangements made.

6. Every holder of a current identification card will be entitled to draw rations up to the end of 25th June, 1944 unless the rations are otherwise adjusted.

7. As a rule, rations have been allowed for all the relatives declared by the house-holders, except where the number of members declared is found to be exaggerated. Regarding non-relatives diverse claims have been made for friends, guests, servants, cooks, drivers, pujaris, archaks, vokkalagittis, purohits, wara, biksha, etc., as permanent inmates, such claims have been suitably cut down. Holders of ration cards who for any reason desire to get their cards amended may file an application addressed to the Rationing Officer, Holalkere Town, stating their grievances but quoting three numbers (1) their identification card number, (2) the ration census number and (3) the new card number when the matter will be worked into. Whenever a claim is preferred on behalf of a person not related to the head of the family full particulars have to be furnished in Form No. III, hereunder.

8. In every case the existing identification card and the census acknowledgment will have to be surrendered before the new ration card is issued. If, in any particular case either of the two is lost, it is for the house-holder to convince the Local Assistant Food Inspector having jurisdiction of the genuineness of the claim and thereupon, he may after verifying the old identification card number and the census acknowledgment number of the particular person issue the fresh ration card if the other particulars agree.

9. The numbers in indicating quantity of ration mentioned in the cards represent "seers" in respect of food-grains, viss in respect of sugar and bottles in respect of kerosene.

10. The column under wheat is left blank as wheat is interchangeable for rice. Consistently with the supply positions, the Rationing Officer, will supply either wheat or rice or ragi or jola as the case may be.

11. Persons in charge of all establishments will approach the Rationing Officer, Holalkere Town, for the fresh permits unless expressly permitted by him to register with any particular depot in which case they will be available at the depot concerned.

12. The existing identification cards issued to house-holders and persons in charge of establishments shall cease to be in operation with effect from the 26th June 1944, in the absence of specific orders to the contrary in any particular case.

OFFICE OF THE CHIEF RATION CENSUS OFFICER, DAVANGERE TOWN.

Notification No. 74—43-44, dated 13th June 1944.

Notification under Rule II of the Mysore Ration Census Order.

It is hereby notified for the information of the citizens of Davangere Town, that the following arrangements are made for the distribution of fresh ration cards within the limits of the town.

Distribution of the ration cards will be made between 23rd and 30th June 1944 both days inclusive at the Rationing Office between 9 A.M. to 11-30 A.M. and 4 P.M. to 6 P.M. on each working day.

2. New cards will be available for distribution as noted below.

3. A new ration card will be issued only on surrender of the census acknowledgment. The person in whose name the card issued should sign or affix his or her left thumb print in the space provided on the card and the counterfoil before delivery.

4. House-holders of ration cards who for any reason are unable to appear at the office for giving the acknowledgment and taking the ration cards, may send at their own risk the census acknowledgment and the old identification cards together with a letter requesting that the new card may be handed over to the bearer of the letter. In such cases, the old identification card and the acknowledgment slip will be retained in the office (and on both of which the holder's signature will be necessary) will be handed over to the bearer under acknowledgment. The holder of the ration card should thereupon sign both on the ration card and on the counterfoil and return both parts of the card. Thereafter the counterfoil of the ration card will be retained in the office and the card returned to the bearer. It must be distinctly understood that the office will accept no responsibility whatever for loss or misplacement of ration cards sent through bearers under the above arrangements.

5. A list of ration census counterfoil numbers and the dates on which fresh ration cards will be issued will be displayed in a prominent place at the Rationing Office. All house-holders are requested to co-operate in this arrangement and take their new ration cards in conformity with the local arrangements made.

6. Every house-holder of a current identification card will be entitled to draw rations up to the end of 7th July 1944, on the existing cards and new cards will be current only with effect from 8th July 1944, unless the rations are otherwise adjusted.

7. As a rule, rations have been allowed for all the relatives as declared by the house-holders except where the number of members declared is found to be exaggerated. Regarding non-relatives diverse claims have been made for friends, guests, servants, cooks, drivers, pujaries, archaks, vokkalagittis, purohits, wara, bhikshas, etc., as permanent inmates. Such claims have been suitably cut down. Holders of ration cards who for any reason desire to get their cards amended may file an application addressed to the Rationing Officer, Davangere Town, stating their grievances but quoting three numbers (1) their identification card number, (2) the Ration Census number, and (3) the new card number when the matter will be worked into. Whenever a claim is preferred on behalf of a person not related to the head of the family, full particulars have to be furnished in Form No. III hereunder.

8. In every case the existing identification card and the census acknowledgment will have to be surrendered before the new ration card is issued. If, in any particular case either of the two is lost, it is for the house-holder to convince the Rationing Officer having jurisdiction of the genuineness of the claim and thereupon, after verifying the old identification card number and the census acknowledgment number of the particular person, issue the fresh ration card if the other particulars agree.

9. The numbers indicating quantity of ration mentioned in the cards represent "seers" in respect of food-grains, lbs. in respect of sugar and bottles in respect of kerosene.

10. Persons who want to change to a depot other than that through which they get their fresh cards will have to apply at the Rationing Office.

11. Persons in charge of all establishments will approach the Rationing Officer, Davangere Town, for the fresh permits unless expressly permitted by him to register with any particular depot in which case they will be available at the depot concerned.

12. The existing identification cards issued to house-holders and persons in charge of establishments shall cease to be in operation, with effect from the 7th July 1944, in absence of specific orders to the contrary in any particular case.
